### REPORT OF CHIEF ENGINEER.

I herewith submit my first report as Chief Engineer of the Fire Department, which duties I assumed on the first of November, 1884, all matters pertaining to the department being turned over to me at that time. I have the honor to respectfully submit the following suggestions, and recommendations for such action as, in my opinion, necessary to still further maintain the efficiency of the department. The apparatus as at present constituted, is in first-class order, and the promptness and efficiency of its members were never better. The department has been called out five times during the year ending Feb. 1, 1885 ; two for fires on the farms, and three alarms in town. I would rec-

commend to still further increase the fire-alarm telegraph by placing a box at or near the horse-railroad stables, on Salem road, and that the town accept the offer of Albert Brookhouse for the use of his pond for fire purposes; to purchase a larger boiler for the brick engine-house, the one at present in use being too small for the purpose; and that the department water the streets, and use the receipts from that source to pay expenses for the same. The following is a list of property under charge of the Firewards:— 2 steam fire-engines, 2 jumper carriages, 2 hand engines, 2 jumper carriages, 1 horse hose-carriage (4-wheel), 1 hand hose-carriage, 1 hook and ladder truck, 1 sail car, 21 hydrants, 5 horses, 1 supply wagon, fire alarm (5 boxes), 8 reservoirs, as follows:—Red's Pond, Back Street, Watson Street, Common, Brick Pond, Barnard Street, Lynn Road, Town Farm: 11 pumps and wells, as follows:—Orne Street, Franklin Street, Red's Pond, Town Hall, Back Street, Watson Street, Common, Hook and Ladder, Spring Street, Graves', Lynn Road.

#### ARTICLES ON HAND IN THE DIFFERENT HOUSES.

At the Brick Engine - house:— 2 sets double harnesses, 1 single harness, 1 pair lead reins, 2 whips, 1 ton of hay, 3-4 ton of bedding, 10 bushels grain, 5 horse blankets, 8 coal boxes, 1 set lead bars, 7 lanterns, 1 1-2 tons of steamer coal, 1 ton of stove coal, 1 foot pine wood, 2 feet hard wood, 100 feet garden hose, 1 coal shovel, 2 long-handle shovels, 2 stable shovels, 3 corn brooms, 1 bristle broom, 2 rattan brooms, 2 hay forks, 2 curry-combs, 2 brushes, 1 card, 1 scraper, 2 measures, 1 heater-stove, 4 heaters, 1 hose trough, 2 manure hooks, 2 large pokers, 2 small pokers, 5 water pails, 1 water tub, 1 coal sieve, 5 axes, 2 crow-bars, 7 play pipes, 1 jack-screw, 1 hatchet, 1 bar harness soap, 3 pieces sponge, 1 claw hammer, 1 vise, 1 pair pole climbers, 1 pair large plyers, 3 lbs. nails, 1 1-4 lbs. window line, 2 1-2 lbs. twine, 4 1-2 lbs. black lead-packing, 1 1-2 lbs. rubber packing, 1 brass faucet, 1 pair scissors, 1 ball wick yarn, 1 hand saw, 1 dust pan and brush, 1 monkey wrench, 7 oil cans, 5 gallons cylinder oil, 5 gallons lard oil, 1-2 pint castor oil, 1 pint sperm oil, 6 horse collars, 1 sprinkling

pot, 1 force pump, 1 rake, 3 coal hods, 2 pairs breast straps, 2 iron sinks, 1 pick-ax, 1 lead bar, 1-2 barrel lime, 1 valve, 2 check valves, 4 door bolts, 1 spare engine grate, 1 whiffletree, 6 hose brushes, 1 tube brush, 4 hydrant connections, 1 suction-hose connection, 2 suction-hose ropes, 4 pulley blocks, 2 files, 1-2 dozen snaps, 3 water glasses, 1 feather duster, 1 bit stock, 1 check rein, 2 hydrant wrenches, 1 shut-off nozzle, 17 nozzles, 31 spanners, 23 hose straps, 10 spanner belts, 26 do., 1 wagon jack, 2 ladders, 6 patches, 2 heater connections, 2 crotches, 1 set connections, 1 2 1-2 inch valve, 2 dozens screws, 11 feet brass chain, 1 window brush and pole, 4 harness weights, 2 double beds, 1 single bed, 7 bed quilts, 9 sheets, 7 pillow-slips, 6 pillows, 6 mattresses, 1 spring, 1 white spread, 5 chairs, 1 bureau, 2 commodes, 2 stands, 2 stoves and funnel, 2 extension tables, 35 chairs, fire-alarm battery, 3 spare jars, 8 zines, 5 coppers, 1 indicator, 2 1-2 lbs. copper wire, 80 lbs. fire-alarm wire, 1 tin dipper, 4 feet rubber pipe, 375 lbs. blue vitriol, 4 alarm poles, 4 chamois skins, 15 cross bars, 1 carpet (15 yards), 1 carpet (13 yards), 10 yards hemp carpet, 2 looking-glasses, 3,100 feet cotton hose, 475 feet rubber hose, 1 steam boiler, Steamer No. 1, 18 suits oil clothes, Steamer No. 2, 12 suits oil clothes.

At the M. A. Pickett Engine-house:—4 hose ropes in the tower and 1 on the carriage, 550 feet of hose, 50 feet of burst hose, 13 hose spanners, 6 suction-hose spanners, 12 leather hooks and straps, 6 canvas hooks and straps, 7 hose belts, 10 suits of oil clothes, 3 lanterns, 2 oil cans, 1 sprinkler, 1 stove and funnel, 1 shovel, 1 coal hod, 1 sieve, 2 pokers, 1 jack, 4 hose brushes, 1 duster, 2 brooms, 3 hose patches, 1 damaged pipe, 2 damaged lanterns.

At the Gerry Engine-house:—500 feet cotton hose (good), 150 feet leather (poor), 50 feet rubber (1 inch), 8 hose ropes, 15 jimmies, 4 pairs suction spanners, 2 belts, 6 pairs leading spanners, 2 baskets (for suction), 1 life line (about 70 feet), 1 wrench, 1 force pump, 2 wheel jacks, 2 horse poles, 4 lanterns, 2 oil cans, 1 sponge, 4 suits oil clothes (poor), 4 rubber coats (good), 5 gallons hose oil, 2 scrub brushes, 2 shovels,

1 length suction hose (spare), 1 stove and funnel, 1 coal hod, 6 hose straps, 2 hydrant connections.

At the Hook and Ladder House : — 12 (ladders varying in size), 1 Bangor extension ladder, 4 spare ladders, 1 attic ladder, 2 large hooks with chain and rope, 5 hook poles, 4 ladder raisers, 4 axes, 4 lanterns on carriage, 6 lanterns off carriage, 2 crow-bars, 2 roof bars, 1 wheel jack, 6 life chains with hooks, 1 wrench, 2 pitchforks, 2 debris hooks, 1-2 ton coal, stove and funnel, 12 sails, 10 life lines, 8 mallets, 1 signal lantern, 12 fathoms sail rope, 1 shovel, 1 whiffletree.

At Liberty Hose Room : — 550 feet cotton hose, 9 spanners, 4 straps, 5 hose straps, 1 stove, 3 lanterns, 1 hydrant wrench, 1 wheel wrench, 1 wheel jack, 1 hose pipe, 1 feather duster, 1-2 ton coal, 12 rubber coats, 5 ropes, 5 jimmies.

MARBLEHEAD, March 11, 1885.

## REPORT OF TRUSTEES OF ABBOT LIBRARY.

The Trustees of Abbot Public Library herewith submit an account of their management of the Library for the year now closed and its condition at this date.

Balance to the credit of the Library Fund, as per	
last Report, - - - - -	\$16,710 27
Received income of fund one year to Feb., 1885,	640 00
"    Town appropriation, April, 1884, -	700 00
"    and deposited with Town Treasurer from	
Fines, 110 56; Cards, 19 30; Catalogues,	
24 55; waste paper, .92, - - -	155 33
	<hr/> \$18,205 60
Paid for Books, - - - - -	\$389 28
Binding and Repairs, - - -	57 05
Covering Paper, - - - -	13 95
Salaries, - - - - -	600 00
Extra Assistance in Library,	44 45
Stationery & Printing, - - -	43 39
Newspapers and Periodicals,	99 03
Furniture and Fixtures, - -	11 00
Messenger, 6 00, Expressage, 5 01,	11 01
American Library Association.	2 00
Postage, 2 00, Care of Rooms, 1 50,	3 50
	<hr/> \$1,274 66
Balance to credit of Library Fund, Feb. 10, 1885,	\$16,930 94

The money left to the Town by the late Miss Elizabeth R. Peale of Salem, the income to be used for books for the Library, has been paid to the Town Treasurer. The Town will be asked

at the annual meeting, to put it into the care of the Trustees for investment.

There have been forty-nine books given to the Library during the year 1884, of which 18 were from the United States through Hon. E. F. Stone and E. W. Doherty; 11 from Rev. B. H. Bailey; 6 from the state of Mass. per Messrs. Sparhawk and Roads; 3 from D. R. Hathaway; 2 from Uriel Crocker of Boston; 2 from W. W. Whieldon of Concord, Mass.; and one each from N. Allen Lindsey, John H. Paine, Flint Public Library, A. S. Barnes, N. P. Sanborn, A. C. Stockin and Eastern Yacht Club. There were also added by purchase three hundred and sixty-two books, at an average cost of \$1 07 1-2. These additions were classed as follows:

Reference Books, - - - - -	37
General Literature, - - - - -	26
Science and Art, - - - - -	53
Travel and Adventure, - - - - -	43
Fiction and Juveniles, - - - - -	152
History and Biography, - - - - -	41
Law, Politics and Social Science, - - - - -	23
Religion, - - - - -	7
Poetry, - - - - -	3
Magazines, - - - - -	26
	<hr/>
	411

The number of books in the Library Jan. 1, 1885, was 7,655.

No book has been lost during the past year.

The number of books re-bound in the same time is 298, and the number paper-covered is 5,638.

Whole number of cards (not counting renewals) issued to date, is thirty-five hundred and fifty, of which one hundred and fifty have been issued the past year. Of these not more than two thousand are in use, the total varying from each week.

The circulation as shown in the annexed table, has increased 233 over 1883, and still remains one of the largest (relatively to the size of the Library and the town) in New England.

## CIRCULATION FOR 1884.

1884.	Reference.	Gen. Literature.	Science and Art.	Travel and Adventure.	Fiction and Juveniles.	History and Biography.	Politics, Law, and Social Science.	Religion.	Poetry.	Magazines.	Total.
January,	84	12	52	195	1,861	226	25	15	33	78	2,581
February,	50	19	42	238	1,933	202	22	17	38	64	2,625
March,	92	16	57	248	2,316	223	31	20	30	73	3,106
April,	104	24	49	244	2,096	203	36	18	18	57	2,849
May,	56	29	69	228	2,171	193	36	9	31	41	2,854
June,	176	29	51	156	1,667	153	48	9	17	19	2,325
July,	35	24	44	138	1,867	151	33	5	9	19	2,325
August,	65	34	52	175	2,137	154	32	9	18	29	2,705
September,	37	15	36	141	1,871	135	23	5	22	24	2,309
October,	117	25	52	159	1,848	163	26	10	25	39	2,464
November,	71	22	56	173	2,104	135	36	14	27	46	2,684
December,	131	20	62	164	1,882	165	45	11	24	51	2,555
Total,	1018	269	613	2,259	23,753	2,103	393	142	292	540	31,382
Per Cent.	3.24	.85	1.95	7.19	75.66	6.73	1.25	.45	.96	1.72	

These figures show, better than words, that the money spent on the Library goes to the pleasure and profit of a very large proportion of the inhabitants of Marblehead. The Trustees hope that the Town will appropriate for its benefit the coming year not less than five hundred dollars.

## TOWN WARRANT.

---

The legal voters of this town are hereby notified to meet at the Town Hall on Monday, the sixteenth day of March current, at nine o'clock A.M., to act on the following articles, viz. :—

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of Committees, and act thereon.

ART. 3. To choose a Town Clerk, Selectmen, Assessors, Town Treasurer, Overseers of the Poor, Constables, Firewards, Collector of Taxes, Board of Health, and a Surveyor of Highways for the ensuing year; also members of the School Committee for three years, in place of Nathaniel E. Lindsey, Philemon Eveleth and William Reynolds, whose terms of office expire; also two Trustees of Abbot Public Library for three years, in place of Jonathan H. Orne and Joshua P. Haskell, whose terms of office expire; also a Park Commissioner for three years, in place of Daniel Appleton, whose term of office expires, and one for two years, in place of Michael J. Doak, who has changed his residence; also to give in their ballots "Yes" or "No," in answer to the question: "Shall licenses be granted for the sale of intoxicating liquors in this town?"

ART. 4. To choose all other necessary town officers for the ensuing year.

ART. 5. To vote compensation to the Town Clerk and Town Treasurer for their services the past year, and the Collector of Taxes and Surveyor of Highways for the ensuing year.

ART. 6. To see what compensation the town will allow the firemen for the ensuing year.

ART. 7. To make the necessary appropriations for defraying the expenses of the town for the ensuing year.

ART. 8. To see if the town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes and payable therefrom.

ART. 9. To see what disposition the town will make of the amount received from the "Dog Fund" for the ensuing year.

ART. 10. To see if the town will accept the list of names prepared by the Selectmen as Jurymen.

ART. 11. To see if the town will make an appropriation for Abbot Public Library.

ART. 12. To see what action, if any, the town will take in regard to the election of an Auditor or Board of Auditors of the town accounts, and to make an appropriation for the same.

ART. 13. To see if the town will authorize the Trustees of Abbot Public Library to hold and invest as the "Peale Fund," the money recently received from the executor of the late Miss Elizabeth R. Peale of Salem, agreeably to the petition of the Trustees of Abbot Library.

ART. 14. To see if the town will vote to raise the Sewall Grammar School-house, at a cost not to exceed seven hundred dollars, and make an appropriation for the same, agreeably to the petition of William Stevens and others.

ART. 15. To see if the town will vote to lease the piece of land on the corner of Pleasant and Washington streets to the Young Men's Christian Association, agreeably to the petition of George R. Church and others.

ART. 16. To see if the town will vote to sell the piece of land at the corner of Pleasant and Washington streets, agreeably to the petition of William Stacey and others.

ART. 17. To see if the town will vote to appropriate the sum of one hundred and twenty-five dollars to John Goodwin, Jr., Post 82, G. A. R., for the purpose of defraying the expenses of Memorial-day, agreeably to the petition of W. A. Laskey and others.

ART. 18. To see if the town will vote to sell Lots Nos. 1 and 3 as shown on chart of Town Land (near Workhouse Rocks) drawn by J. Q. Hammond, August, 1870, agreeably to the petition of D. R. Hathaway and others.

ART. 19. To see if the town will vote to accept and grade so much of Devereux street that has not been accepted heretofore, at a cost not to exceed three hundred dollars, and make

an appropriation for the same, agreeably to the petition of Lewis R. Power and others.

ART. 20. To see if the town will vote to sell the "Cottage-street school-house" and land.

ART. 21. To see if the town will vote to sell the Stone Crusher, Engine and Boiler.

ART. 22. To see if the town will accept the offer of Albert Brookhouse of "Brookhouse Farm" to allow the town the right of way by deed forever, to the pond on his estate, for fire purposes, and make an appropriation for the same, agreeably to the petition of the Board of Firewards.

ART. 23. To see if the town will vote to purchase a steam boiler for the brick engine-house, and appropriate the sum of three hundred and fifty dollars for the same, agreeably to the petition of the Board of Firewards.

ART. 24. To see if the town will accept the law passed in 1870, Chapter 101, Revised Statutes, in relation to unsafe buildings, agreeably to the petition of the Board of Firewards.

ART. 25. To see if the town will accept Sections 20 and 21 of Chapter 50, Public Statutes, in relation to sidewalks, agreeably to the petition of John S. Martin and others.

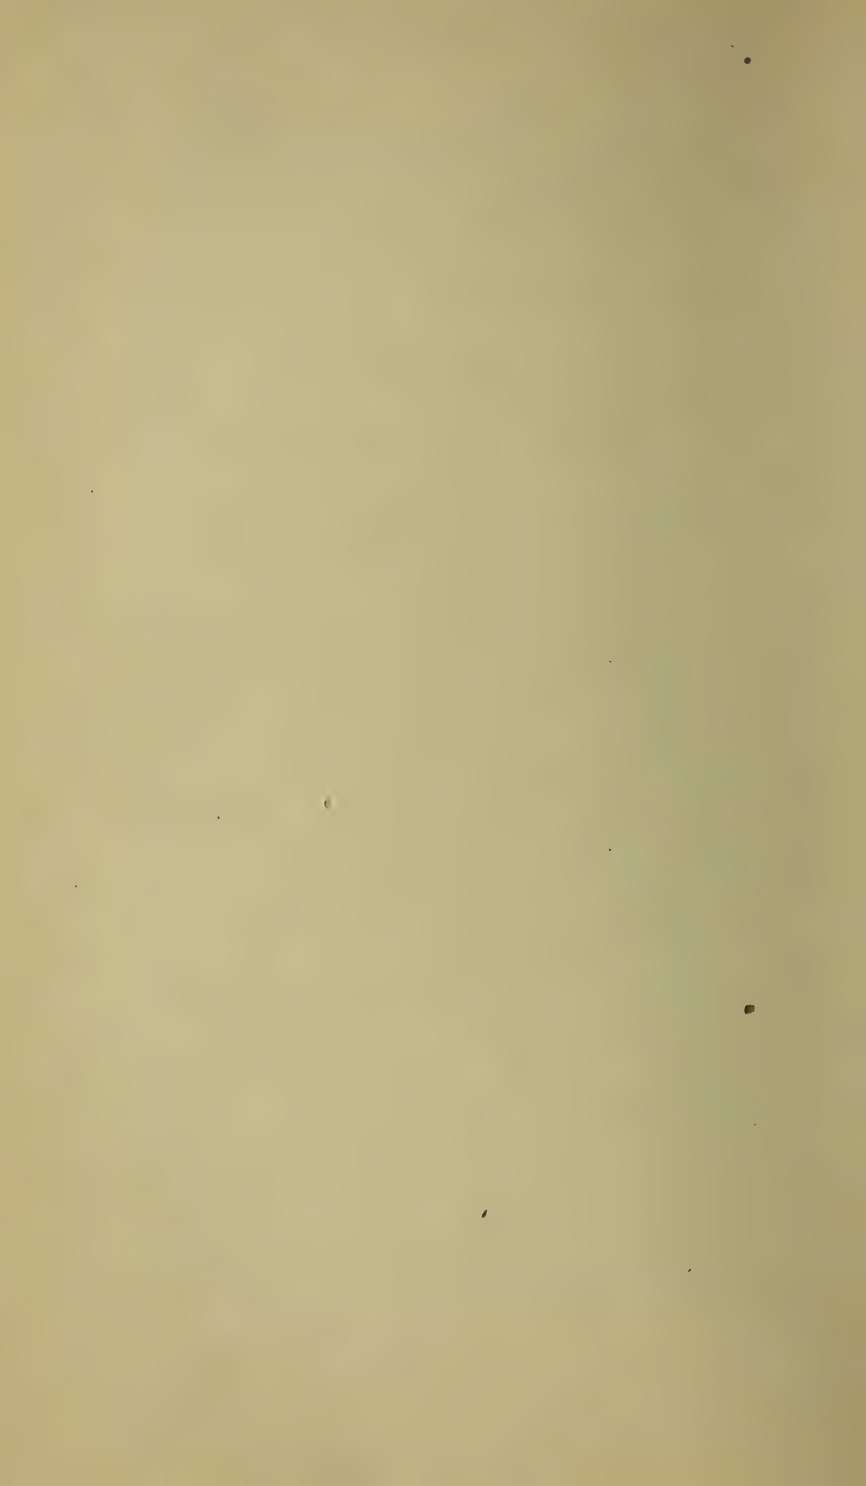

ART. 26. To see if the town will appropriate a sufficient sum of money for the purpose of placing a steam-heating apparatus in the Almshouse of a capacity to heat the entire building, together with the building in the rear, agreeably to the petition of John M. Cloutman.

ART. 27. To see if the town will adopt some plan by which the feeble and insane in charge of the Board of Overseers, can have the benefit of pure air and sunlight, and make an appropriation for the same, agreeably to the petition of John M. Cloutman and others.

ART. 28. To see if the town will allow William H. Stone to use water from the hydrants, for the purpose of sprinkling the streets, agreeably to the petition of William Reynolds and others.

### REPORT OF CHIEF ENGINEER.

The department consists of a Chief Engineer and four Assistant Engineers; two steam fire-engine companies of twenty-three men, including an engineer, fireman and driver for each; two hand-engine companies of fifty men each; hook and ladder truck and sail car with fifty men, one hose-carriage with twenty men, a horse hose, with driver, and a supply wagon; making a total of 122 men. Of this number there is only one permanent man, who is engineer, and janitor of the steamer house. Two drivers and two firemen sleep in the house.

#### HOSE.

There are now in the department 3,700 feet of cotton hose reliable for steamer pressure; 1,300 feet cotton hose for hand engines; 200 feet of poor rubber and 100 feet bursted.

#### FIRES AND ALARMS.

The department has been called out ten times for actual fires, and once for a false alarm, during the year ending Feb. 1, 1886, viz. :—

#### ALARMS OF FIRES FOR THE YEAR 1885-6.

Feb. 18. A two-story frame building, occupied by Glover & Capela, as a dining saloon, partially destroyed.

- March 23. A large two-and-a-half story dwelling occupied by George S. Harris, totally destroyed.
- April 2. A one-story flat roof building, used as a grocery by Cornelius Highland, partially destroyed.
- April 13. A one-and-a-half story building on Rowland street used as a livery stable, with but slight damage.
- May 20. The flour, grain and hay store of J. B. Woodfin & Co., on Sewall street. The large stock of hay in western end made a stubborn fire, and the stock was pretty badly damaged; but only a partial damage to building.
- June 2. A fire in the attic of a two-and-a-half story building, corner of School and Pleasant streets, owned by T. T. Paine's express, mostly damaged by water.
- June 17. An alarm from box 14 for a bonfire.
- Sept. 8. An alarm was caused by the burning of the chimney of Allerton Block. Steamer 2 was used, but no damage done.
- Sept. 20. The partial burning of the floor timbers of house on Salem road near gravel pit, owned by Isaac C. Wyman, put out before the arrival of steamer.

1886.

- Jan. 4. The boiler house of the glue factory of George W. Brown, was partially burned; much damage to stock.
- Jan. 16. The two-and-a-half story building known as Hibernian Hall was considerably damaged; the fire originating in the grocery store on first floor, kept by William H. Graves.

I would recommend that the town purchase 500 feet of hose each year, for the purpose of keeping the same up to the required efficiency of the department.

I desire to return my sincere thanks to the Board of Engineers, officers, and members of the several companies, for the faithful performance of their trying duties, and the promptness with which they have responded to the call for duty.

Respectfully,

FRANK L. WADDEN,

Chief Engineer.

## CEMETERY COMMITTEE.

### EXPENDITURES.

John F. Bates, labor,	-	-	-	-	-	\$62 12

## REMARKS.

---

The Auditing Committee, having examined and audited the accounts of the town for the past year, herewith presents them to the citizens.

We submit the following estimate of appropriations for the ensuing year:—

Selectmen's Department,	-	-	-	-	-	\$6,500 00
Highways,	-	-	-	-	-	6,000 00
Interest,	-	-	-	-	-	5,500 00
Schools,	-	-	-	-	-	16,000 00
Support of the Poor,	-	-	-	-	-	7,500 00
Fire Department,	-	-	-	-	-	4,500 00
Waterside Cemetery,	-	-	-	-	-	300 00
State Aid,	-	-	-	-	-	3,500 00
Reduction of Town Debt,	-	-	-	-	-	5,000 00
Discounts and Abatements,	-	-	-	-	-	2,500 00
Board of Health,	-	-	-	-	-	300 00

Respectfully submitted,

JOHN M. CLOUTMAN,	}	Auditing Committee.
WILLIAM H. COATES,		
WILLIAM GILLEY,		
JAMES K. BEEDE,		
JOHN B. LITCHMAN.		

MARBLEHEAD, March 2, 1886.

## REPORT OF TRUSTEES OF ABBOT PUBLIC LIBRARY.

The Trustees herewith present the condition and details of the management of the Abbot Public Library for the past year.

Balance to the credit of Library Fund, as per		
last Report,	- - - - -	\$16,930 94
Received Income of "Abbot" and "Peale"		
Funds one year,	- - - - -	615 71
Received and deposited with Town Treasurer		
from Fines, 108 28 ; Cards, 19 40 ; Cata-		
logues, 6 05 ; waste paper, .40,	- - -	134 13
" Town appropriation, April, 1885,	-	500 00
		<hr/> \$18,180 78
Paid for Books,	- - -	\$450 86
Binding and Repairs,	- - -	87 80
Covering Paper,	- - -	36 06
Salaries,	- - - - -	600 00
Extra Assistance in Library,		34 70
Stationery and Printing,	-	47 44
Newspapers and Periodicals,		114 30
Furniture and Fixtures,	-	3 15
Messenger,	- - -	6 00
American Library Association,		2 00
Postage, 2 00 ; cleaning rooms, 3 00,		5 00
		<hr/> \$1,387 31
Balance to the credit of Fund, Feb. 6, 1886,		<hr/> \$16,793 47

No books have been lost during the past year (except by accident which were paid for), but fifty-eight have been taken out because they were so badly worn as to be unfit for re-binding. The whole number of books in the Library Jan. 1st., 1886, was 8,048. The number of books re-bound in 1885 was 309, and the number of new paper covers put on was 4,868.

There were forty books given to the Library during 1885, as follows: From David N. Johnson of Lynn, periodicals, 22; U. S., through Hon. E. F. Stone, 7; State of Mass., 4; Mrs. D. R. Hathaway, 2; L. B. Stone, 2; and one each from Dr. H. S. Chase, M. M. Ballou and Mrs. Mary Humphrey. Four hundred and twelve books were bought, at an average cost of \$1.09 1-2.

These additions may be classed under the following heads:

Reference books,	-	-	-	-	-	31
General Literature,	-	-	-	-	-	21
Science and Art,	-	-	-	-	-	18
Travel and Adventure,	-	-	-	-	-	32
Fiction and Juveniles,	-	-	-	-	-	218
History and Biography,	-	-	-	-	-	49
Law, Politics and Social Science,	-	-	-	-	-	13
Religion,	-	-	-	-	-	4
Poetry,	-	-	-	-	-	15
Magazines,	-	-	-	-	-	51

---

452

The whole number of cards issued to date (which does not include those sold to replace others worn out or lost) is 3,738. The number in use has not varied much from last year.

The balance to the credit of the Library Fund has been slightly reduced the past year, and the income from the same has also been less. The trustees would respectfully recommend that seven hundred dollars be appropriated for the library for 1886.

## TOWN WARRANT.

---

The legal voters of this Town are hereby notified to meet at the Town Hall, on Monday, the eighth day of March next, at nine o'clock, A.M., to act on the following articles, viz. :—

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of Committees, and act thereon.

ART. 3. To choose all necessary town officers for the ensuing year : also members of the School Committee, as follows :—for three years, in place of Nathan P. Sanborn, William D. T. Trefry and William F. Nutting, whose terms expire ; for two years, in place of Nathaniel E. Lindsey, resigned ; for one year, in place of James N. Parker, resigned ; two Trustees of Abbot Library for three years, in place of Nathan P. Sanborn and Samuel Roads, Jr., whose terms expire ; a Park Commissioner for three years, in place of Moses Gilbert, whose term expires ; also a Trustee of the Abbot Fund in place of Henry F. Pitman, deceased ; also to give in their ballots “Yes” or “No,” in answer to the following question : “Shall licenses be granted for the sale of intoxicating liquors in this town?”

ART. 4. To vote compensation to the Town Clerk and Town Treasurer for their services the past year ; and the Collector of Taxes, Surveyor of Highways, Town Clerk and Town Treasurer for the ensuing year.

ART. 5. To see what compensation the Town will allow the firemen for the ensuing year.

ART. 6. To make the necessary appropriations for defraying the expenses of the Town for the ensuing year.

ART. 7. To see if the Town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes and payable therefrom.

ART. 8. To see what disposition the Town will make of receipts from the “Dog Fund” the ensuing year.

ART. 9. To see if the Town will accept the list of names prepared by the Selectmen as Jurymen.

ART. 10. To see if the Town will make an appropriation for Abbot Public Library.

ART. 11. To see if the Town will vote to appropriate the sum of one hundred fifty dollars to John Goodwin, Jr., Post 82, G. A. R., for the purpose of defraying the expenses of Memorial-day, agreeably to the petition of E. W. Doherty and others.

ART. 12. To see if the Town will appropriate the sum of \$1,000 to improve the sanitary accommodations and the grounds of the various schools in town, according to the request of the School Committee.

ART. 13. To see if the Town will vote to build an engine-house for the use of the M. A. Pickett Engine Co., No. 1, and make an appropriation for the same, agreeably to the petition of Knott V. Martin and others.

ART. 14. To see if the Town will vote to rebuild the drain from Washington street, through State, to the wharf, and make an appropriation for the same, agreeably to the petition of the Surveyor of Highways.

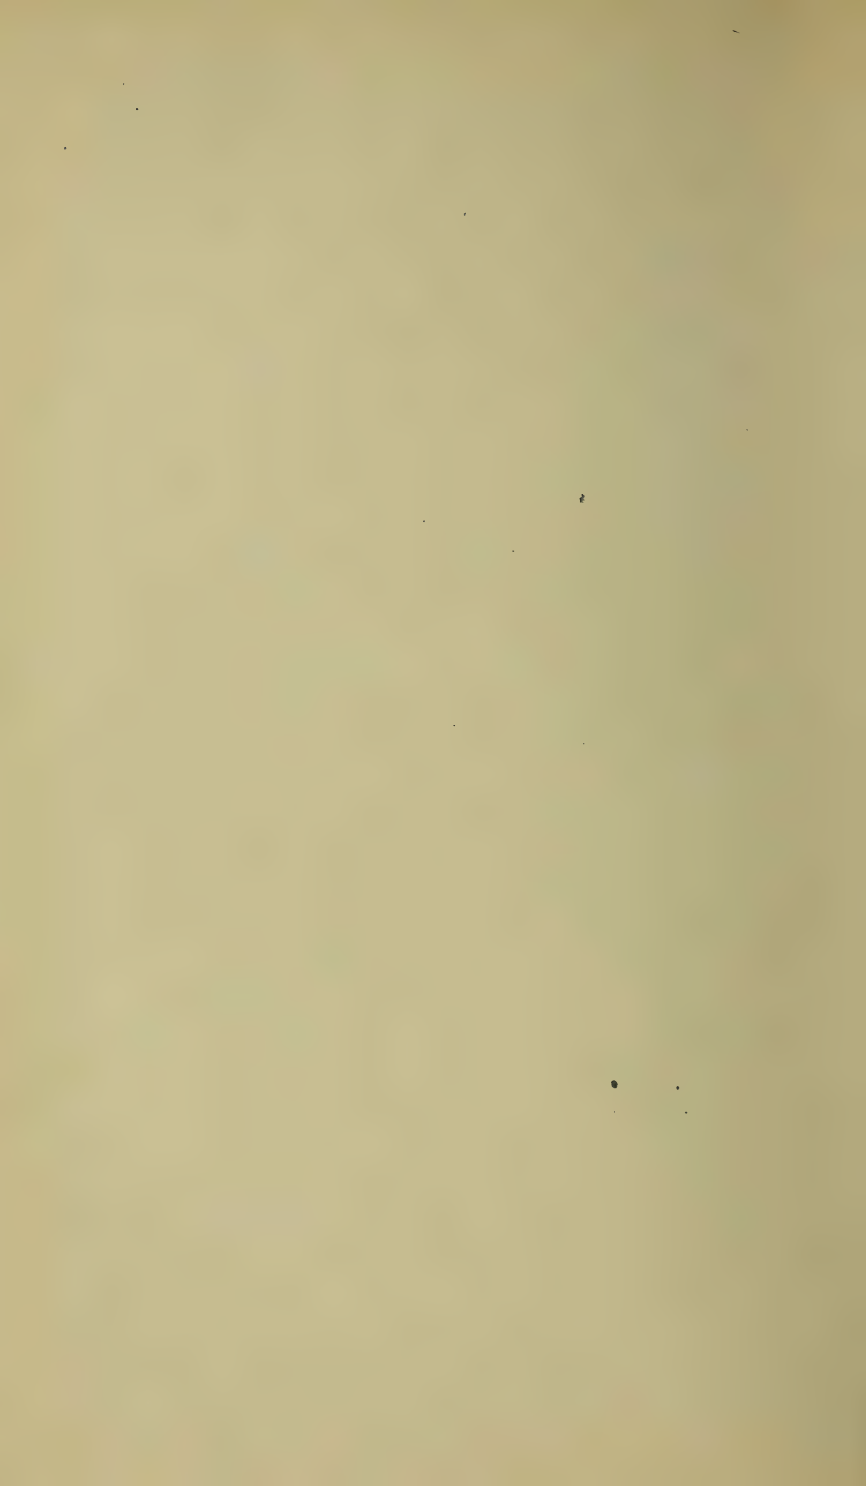

ART. 15. To see if the Town will vote to accept Sections 20 and 21 of Chapter 50 of the Public Statutes, relating to sidewalks, agreeably to the petition of John S. Martin and others.

ART. 16. To see if the Town will vote to purchase five hundred feet of hose and make an appropriation for the same, agreeably to the petition of the Board of Firewards.

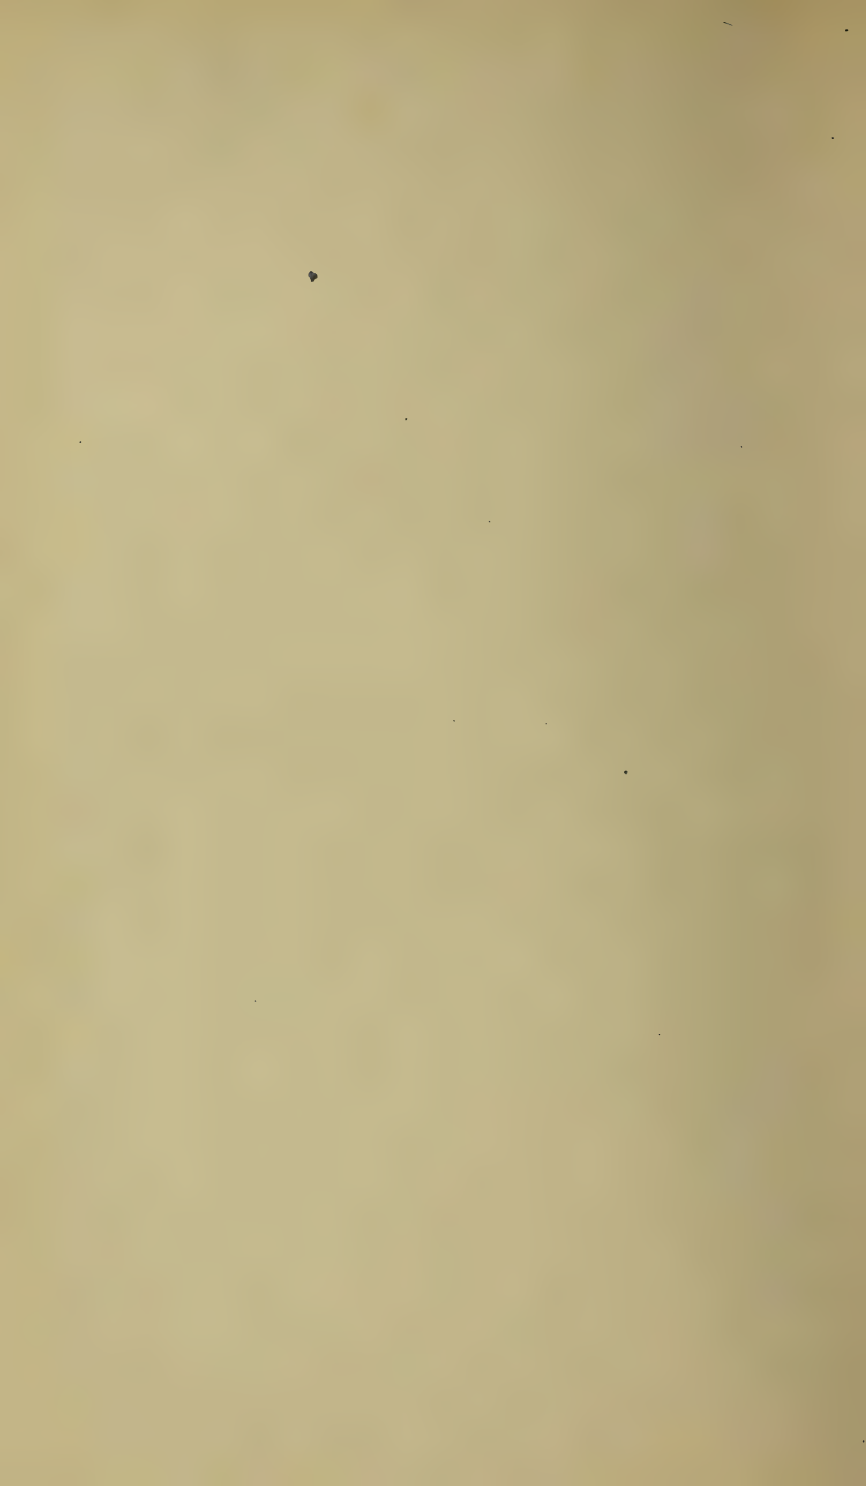

ART. 17. To see if the Town will accept and allow the taking of lands for a Public Park, at or near Bartol's Head, so called, by the Board of Park Commissioners, as shown by their report presented at the meeting and also filed with the Town Clerk, in accordance with the provisions of Chapter 151 of the Acts of 1881.

ART. 18. To see if the Town will accept and allow the way from Ocean street to Washington square (extension of Atlantic avenue) as laid out by the Selectmen and make an appropriation to build the same.

## REPORT OF CHIEF ENGINEER.

Department consists of Chief Engineer and four Assistant Engineers; two steam fire-engine companies of twenty-three men each, including engineer, fireman and driver for each; two hand-engine companies of fifty men each; hook and ladder truck and sail car with fifty men; one hose-carriage with twenty men; a horse hose, with driver, and a supply wagon; making a total of one hundred and twenty-two men. Of this number two are permanent men: one, engineer and janitor of the steamer house; one, driver of steam fire-engine and water-cart. Drivers, firemen and engineers of steamers sleep in the house.

## HOSE.

There is now in the department 4,350 feet of cotton hose, reliable for steam pressure; 1,300 feet for hand-engines, and 300 feet of poor.

## HOUSES.

The engine-houses are all in good condition, the M. A. Pickett's being new last fall.

The Gerry house has had a hard pine floor in hall, been repainted and thoroughly repaired.

The Hose house has needed nothing done this year.

House occupied by Hook and Ladder Company has been repainted inside, and is in good order, but is not large enough for the need of the company or for the accommodation of apparatus.

At the Steamer House, the halls have had hard pine floors, and put in excellent repair, while the rooms below, and stable need some slight repairs and painting.

## ALARMS OF FIRE DURING 1886-7.

The department has been called out seven times; once for actual fire, and six times for slight fires not needing apparatus.

Apr. 18. Alarm caused by bonfire in rear of Thomas Snow's estate on Water street. No damage.

Apr. 22. Whistle of steam-tug in the harbor caused alarm.

Apr. 29. Alarm from Box 13; fire in barn belonging to the town, near Dennis Farm. Extinguished by buckets of water.

May 27. Box 17 rung alarm for fire in house on Hooper Farm in Salem.

May 28. Fire at Jonathan Brown's, caused by burning scraps. Department responded promptly, but no damage.

June 1. Alarm caused by explosion of lamp at the residence of Thomas Stacey. Mr. Stacey fatally burned, but no damage to house.

Feb. 12, '87. Fire on Rockaway street, in barn owned by J. H. Brown, and occupied by J. O. Porter and others; also store occupied by White & Co. Barn totally burned. White & Co.'s partially destroyed. Supposed to be incendiary.

In conclusion, I extend thanks to my associates of the Board

of Engineers for all their co-operation in matters pertaining to the good order and efficiency of the department; to the officers and members of the several companies for their prompt response to duty and their interest in the work of extinguishing fires; also to the police and citizens generally for their kind assistance and encouragement at the recent fire on Rockaway street.

ISAAC ATKINS,  
Chief Engineer.

### RECOMMENDATIONS.

The Board of Engineers would respectfully recommend the extension of the Fire Alarm to the lower part of the town; the appropriation of five hundred dollars for hose; and that they be allowed to run a water-cart and use the receipts of same for expenses of department.

ISAAC ATKINS,  
For the Board.

Amount brought forward, \$1,219 56	
Express, - - - - -	11 15
Postage, \$2 31; Cleaning Rooms, \$2 40,	4 71
	<hr/> \$1,235 42

Balance to the credit of Library Fund, Feb. 10, '87, \$16,869 88

Four books have been taken from the Library the past year because they were worn out. The whole number of books in the Library Jan. 1, 1887, was 8,406, against 8,048 the year before. The books rebound in 1886 were 298, and the number of paper covers put on was 4,533.

Forty-seven books were given to the Library in 1886, as follows: From United States, through Hon. E. F. Stone, M.C., 23; State of Massachusetts, 9; Daniel Appleton, 9; J. Conway, Jr., 2; D. R. Hathaway, 2; S. C. Felton, 1; Seawanhaka Yacht Club, 1. Three hundred and fifteen books were purchased at an average cost of \$1.05 each.

The additions were classified as follows:

Reference Books, - - - - -	36
General Literature, - - - - -	35
Science and Art, - - - - -	16
Travel and Adventure, - - - - -	30
Fiction and Juveniles, - - - - -	189
History and Biography, - - - - -	28
Law, Politics and Social Science, - - - - -	16
Religion, - - - - -	7
Poetry, - - - - -	4
Magazines, - - - - -	1
	<hr/> 362

The whole number of cards to date (original issue, which does not include cards sold to replace others) is 3,879, 141 increase during 1886. The number in use varies little from year to year.

## THE CIRCULATION FOR 1886 WAS AS FOLLOWS :

1886.	Reference.	Gen. Literature.	Science and Art.	Travel and Adventure.	Fiction and Juveniles.	History and Biography.	Politics, Law, and Social Science.	Religion.	Poetry.	Magazines.	Total.
January,	52	17	42	179	2,016	121	30	7	24	50	2,538

MARBLEHEAD, March 2, 1887.

## TOWN WARRANT.

---

The legal voters of this Town are hereby notified to meet at the Town Hall, on Monday, the seventh day of March next, at 9 o'clock, A.M., to act on the following articles :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of committees, and act thereon.

ART. 3. To choose all necessary town officers for the ensuing year ; also members of the School Committee as follows : for three years, in place of William Gilley, Thomas W. Tucker, James N. Parker, whose terms expire ; for two years, in place of James C. Graves and William Neilson, Jr., elected to fill vacancies caused by Nathan P. Sanborn and Daniel Appleton refusing to accept ; for one year, in place of Theodore A. Metcalf, resigned, and Isaac W. Mason, Jr., elected to fill vacancy caused by resignation of Nathaniel E. Lindsey ; two Trustees of Abbot Library for three years, in place of Thomas Ingalls and Daniel Appleton, whose terms expire ; a Park Commissioner for three years, in place of Michael J. Doak, whose term expires ; also to give in their ballots "Yes" or "No" to the following question : "Shall licenses be granted for the sale of intoxicating liquors in this town?"

ART. 4. To vote compensation to the Town Clerk, Town Treasurer, Collector of Taxes, Surveyor of Highways, for the ensuing year.

ART. 5. To see what compensation the Town will allow the firemen for the ensuing year.

ART. 6. To make the necessary appropriations for defraying the expenses of the Town for the ensuing year.

ART. 7. To see if the Town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes and payable therefrom.

ART. 8. To see what disposition the Town will make of receipts from "Dog Fund" the ensuing year.

ART. 9. To see if the Town will accept the list of names prepared by the Selectmen as Jurymen.

ART. 10. To see if the Town will make an appropriation for Abbot Public Library.

ART. 11. To see if the Town will vote to appropriate one hundred and fifty dollars to John Goodwin, Jr., Post 82, G. A. R., for the purpose of defraying the expenses of Memorial Day, agreeably to the petition of D. R. Hathaway and others.

ART. 12. To see if the Town will vote to accept the sum of \$200.00 to be deposited with the Town Treasurer, the income of which to be used for the perpetual care and maintenance of the tomb of the late James B. Topham, in Green-street Cemetery.

ART. 13. To see if the Town will vote to accept Section 22 of Chapter 50 of the Public Statutes, in relation to sidewalks.

ART. 14. To see if the Town will make an appropriation for edge stones.

ART. 15. To see if the Town will vote to rebuild the drain from Elm street through Sewall street, and make an appropriation for the same, agreeably to the petition of F. A. Parker and others.

ART. 16. To hear the report of the Cemetery Committee in relation to an addition to the Waterside Cemetery, and make an appropriation, if necessary.

ART. 17. To see if the Town will direct the School Committee to elect a Superintendent of Schools, agreeably to the petition of the School Committee.

ART. 18. To see if the Town will vote to appropriate \$500.00 for the use of the Park Commissioners.

ART. 19. To hear the report and recommendations of the Committee on Water Supply, and to a full or partial system of water pipes to be laid in the streets of the town, and make an appropriation for the same.

ART. 20. To elect a Board of Water Commissioners to consist of three members, one to hold office for one year, one to hold office for two years, and one to hold office for three years, in accordance with the provision of Section 10 of Chapter 325 of the Acts of 1886.

ART. 21. To see if the Town will vote to allow each Fire

Company, each Hose Company, and Hook and Ladder Company, the use of Abbot Hall, once in each year, at the actual cost to the Town, viz: a sum not exceeding \$30 for each company, as aforesaid, agreeably to the petition of John B. Litchman and others.

ART. 22. To see if the Town will vote to build a house for the accommodation of Washington Hook and Ladder and Sail Carriage, No. 1, and make an appropriation for the same, and choose a committee to carry the same into effect, agreeably to the petition of R. Knowland and others.

ART. 23. To see if the Town will accept and allow the way from Green street to Green street (Pitman street), as laid out by the Selectmen, and make an appropriation to build the same.

ART. 24. To see if the Town will accept and allow the way from Pleasant street to "Factory Lane" (Anderson street), as laid out by the Selectmen, and make an appropriation to build the same.

ART. 25. To see if the Town will vote to accept and allow the way from Pleasant street to "Cow Fort," as laid out by the Selectmen, and make an appropriation to build the same.

ART. 26. To see if the Town will vote to accept and allow the straightening and widening of Orne street, as laid out by the Selectmen, and make an appropriation for the same.

ART. 27. To see if the Town will vote to extend the Fire Alarm through the Town, and make an appropriation for the same, agreeably to the petition of the Board of Firewards.

ART. 28. To see if the Town will vote to appropriate \$500.00 for the purchase of hose, agreeably to the petition of the Board of Firewards.

ART. 29. To see if the town will allow the Firewards to run the "water cart," and the receipts to be used toward defraying the expenses of the Fire Department, agreeably to the petition of the Board of Firewards.

ART. 30. To see if the Town will choose a committee of three persons, with authority to meet a committee from those of our citizens who have lately felt that they had just cause to seek the division of the town, and if it is possible to arrive at some

understanding whereby any differences may be dispelled, to the end that another era of good fellowship, which had existed so long, may be again established, agreeably to the petition of William Reynolds and others.

ART. 31. To see if the Town will vote to rebuild the drain through State street to the wharf and make an appropriation for the same.

ART. 32. To see if the Town will vote to have a Valuation Book printed and make an appropriation for the same, agreeably to the petition of M. V. B. Morse and others.

## REPORT OF CHIEF ENGINEER.

Department consists of Chief Engineer and four Assistant Engineers; two steam fire-engine companies of twenty-three men each, including engineer, fireman and driver for each; two hand-engine companies of fifty men each; hook and ladder truck and sail car with fifty men; one hose-carriage with twenty men; a horse hose, with driver, and a supply wagon; making a total of one hundred and twenty-two men. Of this number two are permanent men: one, engineer and janitor of the steamer-house; one, driver of steam fire-engine and water-cart. Drivers, firemen and engineers of steamers sleep in the house.

### HOSE.

There is now in the department 6,250 feet of cotton hose, reliable for steam pressure; 1,300 feet for hand-engines, and 300 feet of poor; 500 feet at Farms; 500 feet at the Neck.

### HOUSES.

The engine-houses are all in good order with the exception of the Hook and Ladder. This house is too small for the crew and for the accommodation of the apparatus which is stored there. This is a large crew and will always be in service as long as we have a department, and ought to have better accommodations.

## ALARMS OF FIRE DURING 1887-8.

- Feb. 12, 2.20, A.M. J. H. Brown's barn. Loss, \$1,500.
- Feb. 23, 1.30, P.M. Evans house, Washington street. No damage.
- Apr. 18, 4.45, P.M. House at Lookout court. Damage, \$300.
- Apr. 20, 1.10, P.M. Warehouse at Fort Beach. No damage.
- May 11, 7.15, A.M. Bridgeo & Carroll's shoe factory. No damage.
- May 18, 5.30, A.M. Hillside Cottage. Damage, \$500.
- May 21, 7.10, P.M. False alarm, caused by the ringing of the bells for the vetoing of the Beverly Division Bill.
- July 4, 11.40, A.M. Mrs. Patey's roof on fire. Washington street. No damage.
- July 4, 11.55, P.M. Residence of Mrs. Morehouse, Glover street. Damage to house light. Mrs. Morehouse was burned and died from the effects.
- Jan. 29, 1888. VanBlarcom's shop, Mechanic square. No loss.
- Feb. 27. Mrs. Alley's barn at Farms. Alarm from Abbot Hall first, and a few seconds later boxes 16 and 19 were sounded. Total loss.

In conclusion, I extend thanks to my associates of the Board of Engineers for their co-operation in matters pertaining to the good order and efficiency of the department, to the officers and members of the several companies for their prompt response to duty, and their interest in the department.

ISAAC ATKINS,  
Chief Engineer.

## RECOMMENDATIONS.

The Board of Engineers would recommend the extension of the fire-alarm to the lower part of the town, and the Board be allowed to furnish gas for the different engine-houses.

ISAAC ATKINS,  
For the Board.

Amount carried forward, \$1,447 03

Amount brought forward, \$1,447 03	
American Library Association,	2 00
Postage, 2 29 ; Express, .25,	2 54
	<hr/>
	\$1,451 57

Balance to the credit of Library Fund, Feb. 10, '88, \$17,233 70

The whole number of books Jan. 1, 1887, was 8,406 ; additions from all sources in 1887, 434 ; whole number, Jan. 1, 1888, 8,840. The number of books rebound in 1887 was 325 ; the number of paper covers put on was 2,767.

Seventy-four books were received as gifts during the year 1887, from the following sources : United States through Hon. E. F. Stone, M. C., and Hon. G. F. Horr, M. C., 71 ; Maverick National Bank, 1 ; New York World, 1 ; D. Appleton, 1. Three hundred and sixty books were bought, at an average price of \$1 16.

The additions for 1887 were classified as follows :

Reference, - - - - -	76
General Literature, - - - - -	12
Science and Art, - - - - -	19
Travel and Adventure, - - - - -	36
Fiction and Juveniles, - - - - -	214
History and Biography, - - - - -	52
Politics, Law and Social Science, - - - - -	13
Religious, - - - - -	5
Poetry, - - - - -	7
	<hr/>
	434

The whole number of cards to take out books issued to date (not including cards sold to replace others) is 4,098, being an increase of 219 for 1887. The number in actual use varies very much from week to week, but is probably about two thousand.

## REMARKS.

---

The Auditing Committee, in examining the expenditures of the several boards of town officers for the past year, herewith respectfully submit the following estimate of appropriations for the ensuing year :—

Selectmen's Department, - - -	\$10,000 00
Highways, - - - - -	5,500 00
Interest, - - - - -	7,500 00
Schools, - - - - -	17,000 00
Support of Poor, - - - - -	7,500 00
Fire Department, - - - - -	5,000 00
Waterside Cemetery, - - - - -	300 00
State Aid, - - - - -	3,200 00
Discounts and Abatements, - - -	2,500 00
Board of Health, - - - - -	700 00
	<hr/>
	\$59,200 00

The Committee visited the Almshouse and as per report elsewhere, found it in excellent condition, well supplied with all that is necessary for the comfort of the inmates, who seem to be comfortable and contented. The several rooms are clean and well-ventilated, so far as relates to the main house.

The Committee would recommend that if possible, some means should be found to ventilate the hospital or annex, which the superintendent cannot at present do as the building now is.

WM. H. COATES, ISAAC W. MASON, JR. HORACE CLOON, FRANK RAMSDELL,	}	Auditing Committee.

## BOARD OF WATER COMMISSIONERS.

---

### REPORT AND FINANCIAL STATEMENT.

---

Under authority given by a vote of the Town passed at a town-meeting held October 17th, 1887, the Town Treasurer and the Water Commissioners have prepared and sold coupon bonds dated November 1st, 1887, bearing 4 per cent. interest payable semi-annually, and denominated "Town of Marblehead Water Loan," to the total amount of \$45,000. These bonds mature and become payable in thirty annual instalments of \$1,500 each, which sum and the interest (the latter for the first year amounting to \$1,800, decreasing \$60 each year thereafter), must be raised by taxation, and is the burden which the town has assumed in this first step toward a system of water-works. The average annual payment distributed over the entire period is \$2,430, and for this sum it has been rendered possible for those of our citizens on the line of both the new and the old pipe (more than seven and a half miles) to obtain water for domestic and other uses in the most approved modern manner. An efficient fire protection has been furnished to a large portion of our town, and to many hundred thousand dollars' worth of taxable property heretofore entirely unprotected. We have now 53 new and 21 old fire hydrants, under a water pressure varying at different elevations from 30 to 60 pounds, at \$50 for each hydrant (the sum which the town would now be paying were this line of pipe owned and controlled by a water company), our annual outlay which we should be required to raise by taxation would be \$3,700, without any voice, ownership or control of the water system. We have also under the present arrangement an ample supply of water for the use of the public in sprinkling streets, and a constant supply for two public drinking fountains, and the following statement of the cost of the work is respectfully submitted :

Sept. 26th, paid John F. Langford... \$297 10

To accommodate parties on the line of pipe who needed an immediate supply of water, the Commissioners made a contract with John T. Langford to put in water-service pipes at a stated price per foot, and under that contract services were put in for the above parties and paid for by them.

## TOWN WARRANT.

The legal voters of this Town are hereby notified to meet at the Town Hall, on Monday, the fifth day of March next, at 9 o'clock, A.M., to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of committees, and act thereon.

ART. 3. To choose all necessary town officers for the ensuing year; also members of the School Committee for three years, in place of Philemon Eveleth, Isaac W. Mason, Jr., Lawrence E. Kiely, whose terms expire; two Trustees of Abbot Public Library for three years, in place of Joshua P. Haskell and William D. T. Trefry, whose terms expire; also two Park Commissioners under the act of 1881, one for three years in place of Daniel R. Hathaway, whose term expires, and one for two years, in place of Michael J. Doak, removed from town; also three Park Commissioners under the act of 1882, and prescribe their terms of office; also to give in their ballots "Yes" or "No," to the following question: "Shall licenses be granted for the sale of intoxicating liquors in this town?"

ART. 4. To vote compensation to the Town Clerk, Town Treasurer, Collector of Taxes, Surveyor of Highways, for the ensuing year.

ART. 5. To see what compensation the Town will allow the firemen the ensuing year.

ART. 6. To make the necessary appropriations for defraying the expenses of the Town, for the ensuing year.

ART. 7. To see if the Town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes, and payable therefrom.

ART. 8. To see what disposition the Town will make of receipts from "Dog Fund," the ensuing year.

ART. 9. To see if the Town will accept the list of names prepared by the Selectmen, as Jurymen.

ART. 10. To see if the Town will make an appropriation for Abbot Public Library.

ART. 11. To see if the Town will vote to appropriate one hundred and fifty dollars to John Goodwin, Jr., Post 82, G. A. R., for the purpose of defraying the expenses of Memorial Day, agreeably to the petition of D. R. Hathaway and others.

ART. 12. To see if the Town will vote to accept Sections 20, 21, 22, 23 and 24 of Chapter 50, Public Statutes, in relation to sidewalks.

ART. 13. To see if the Town will make an appropriation for edgestones.

ART. 14. To see if the Town will vote to make an appropriation for the use of the Park Commissioners.

ART. 15. To see if the Town will vote to extend the fire alarm through the Town, and make an appropriation for the same.

ART. 16. To see if the Town will authorize the Board of Firewards to furnish gas for the houses of the several engine companies, and make an appropriation for the same.

ART. 17. To see if the Town will vote to pave Pleasant street, or any portion thereof, and make an appropriation for the same.

ART. 18. To see what action the Town will take in reference to the further construction of water-works, and in reference to matters appertaining thereto, under the provisions of Chapter 325 of the Acts of the year 1886, as amended by Chapter 316 of the year 1887.

ART. 19. To see what action the Town will take in reference to the further issue and sale or pledge of bonds of the Town, under the provisions of Chapter 325 of the Acts of the year 1886, as amended by Chapter 316 of the Acts of the year 1887, for the purpose of raising money to pay the necessary expenses and liabilities to be incurred in carrying out the provisions of said acts; also to see whether the Town will appropriate the proceeds of such bonds, or the money raised by a pledge of the same, to the payment of such expenses and liabilities.

ART. 20. To see what action the Town will take in reference

to the establishment of a sinking fund, or making other provisions in accordance with the requirements of Chapter 325 of the Acts of the year 1886, as amended by Chapter 316 of the Acts of 1887, for the payment of bonds which may be authorized by the Town under Article 19.

ART. 21. To see if the Town will in case of a pledge of the Water Loan Bonds, under the authority given by the vote in answer to Article 19, authorize the Town Treasurer to issue the note or notes of the Town signed by him, for the amounts borrowed, to be secured by such bonds, and to be payable at such times, and at such rate of interest as shall be determined by the said Treasurer and Board of Water Commissioners, if such note or notes are required by the lender.

ART. 22. To see if the Town will vote to have a Valuation Book, and make an appropriation for the same.

## REPORT OF CHIEF ENGINEER.

Department consists of Chief Engineer and four Assistant Engineers; two steam fire-engine companies of twenty-three men each, including engineer, fireman and driver for each; two hand-engine companies of fifty men each; hook and ladder truck and sail car with fifty men; one hose-carriage with twenty men; horse hose-carriage, with driver and a supply wagon, making a total of one hundred and twenty-two men. Of this number two are permanent men: one, engineer and janitor of steamer-house; one, driver of steam fire-engine and water-cart.

Drivers, firemen and engineers of steamers sleep in the house.

### HOSE.

There is now in the department 5,000 feet of cotton hose, reliable for steam pressure; 1,200 feet for hand-engines, and 500 feet of poor; 500 feet of new at the Farms, and 500 at the Neck. At the fire of December 25th, we had destroyed by fire and damaged 2,500 feet, which was replaced afterward.

### HOUSES.

The Gerry, Pickett and Hose houses are all in good condition; the Hook and Ladder house is in very bad condition, and the company will have to be supplied with better quarters. The steamer-house was burned with all its contents. This was fitted as well for fire purposes as any house in the state, and is a great loss to the Town, as it will cost \$15,000 to replace it in the same way.

### FIRES DURING 1888.

- April 18. Lawrence E. Kiely's house. Damage, slight.
- April 26. Wash house, Nanepashemet House. Caused by setting grass on fire.
- Dec. 25. Power's store, destroying forty-nine buildings, entailing a loss of \$500,000. A severe blow to the industries of the town, but by earnest efforts, and working together, we hope to obtain our old "status."

In conclusion, I extend thanks to my associates of the Board of Engineers for their co-operation in all matters pertaining to the department, to the officers and members of the companies for their prompt response to duty and interest in the department, also to the Chief of Police and his assistants for their readiness in responding to all our calls.

ISAAC ATKINS,  
Chief Engineer.

### RECOMMENDATIONS.

The Board of Engineers would recommend building a new house for Steamers, Hose and Hook and Ladder carriages, to be located, if possible, near Harris' shoe factory, and also recommend that the town dispose of the land on School street, formerly occupied by engine-house, and land and building occupied by Hook and Ladder Company, the proceeds to be used towards a new house.

ISAAC ATKINS,  
For the Board.

Thirty-six books were given to the Library during the year by the following: U. S. Government, 22, (of which 7 were sent by Hon. E. F. Stone;) State of Massachusetts, 6; Dr. W. H. Coffin, London, England, 4; City of Boston, 2; Mrs. Daniel Hathaway, 1; N. Allen Lindsey, 1. Mr. Lindsey also presented the Library with a fac-simile copy, or rubbing, of the inscription over Shakespeare's grave, which he procured at Stratford-on-Avon, England. Four hundred and twenty-five books were bought, at an average price of \$1.15 each. The number of books rebound in 1888 was 198.

The whole number of cards to take out books issued from the opening of the Library to date is 4,265; an increase of 167 for 1888. The number in actual use varies considerably at different times, and is, at present, less than two thousand.

Since the Library has been open, nearly eleven years, the whole number of books issued has been three hundred and sixty-two thousand, three hundred and five (362,305), an average of 32,937 a year. The number of volumes of all kinds has increased from 3,320 in April, 1878, to 9,240 in January, 1889, showing a circulation which, in proportion to the size of the Library and the population of the Town has not probably been

equalled in New England. During these eleven years two books have been unaccounted for, and 123 have been worn out, not being good enough to re-bind.

THE CIRCULATION FOR 1888 HAS BEEN AS FOLLOWS :

1888.	Reference.	Gen. Literature.	Science and Art.	Travel and Adventure.	Fiction and Juveniles.	History and Biography.	Politics, Law, and Social Science.	Religion.	Poetry.	Magazines.	Total.

MARBLEHEAD, Feb. 10, 1889.

# BOARD OF WATER COMMISSIONERS.

## REPORT AND FINANCIAL STATEMENT.

Under authority given by votes of the Town passed at a meeting held November 1, 1888, by which the Water Commissioners were instructed to make extensions in our water-pipe system, contracts have been made as follows: With the McNeal Pipe and Foundry Company of Burlington, New Jersey, for about 700 tons of water-pipe; with the Builders Iron Foundry of Providence, R. I., for all special castings; with the Chapman Valve Manufacturing Company of Indian Orchard, Mass., for 50 fire hydrants, and 72 water gates of various sizes, and with Mr. Frank L. Fuller of Wellesley, Civil Engineer, to have charge of the construction of the work. The delivery of the above material is about the first of April, when it is expected to have a further contract completed for putting the pipe into the ground.

The expenditures for the past year have been for two new hydrants to replace two destroyed by fire; for several jobs on drinking fountains; advertising for bids for Water Loan Bonds, and for preliminary engineers' work on the new pipe system, and the amounts are as follows:

## REPORT OF BOARD OF HEALTH.

TO THE CITIZENS OF MARBLEHEAD :

We hereby submit to you our annual report :

Number of meetings held by the Board,	-	-	23
Number of complaints received,	-	-	25
Number of notices and communications sent out,	-		213

Contagious diseases reported :

Diphtheria,	45 ;	Recovered,	29 ;	Died,	16
Scarlet Fever	23 ;	"	22 ;	"	1
Typhoid	" 4 ;	"	4 ;	"	0

We hope that the extension of the water system during the coming year will be a great help in promoting health, and exempt us from those contagious diseases which are attributed to uncleanness.

At the beginning of the year it was found necessary to enforce the law, which provides that notices shall be posted on houses where a contagious disease exists. This has been done and proved to be beneficial. These notices ought to be sufficient warning to the neighborhood of its dangerous character. In some localities this does not deter adults and children alike from visiting the house, or from attending funerals without fear of spreading the disease. It is singular that we do not have a more widespread diffusion of such diseases as diphtheria, when the inhabitants do not take precautions to prevent the same. This Board is powerless to prevent it, as the facts in many cases are not made known to this Board and the public until the dan-

ger is past. It is therefore necessary that every citizen should do his utmost to comply with the law in this matter, for remember that "Man is the most precious capital of the state and of society in general. To preserve this as intact as possible to its furthest limit is not only a command of humanity, but also the duty of every community, in its own interest."

In investigating the cause for the contagious diseases, the Board found in many cases the direct cause to be sink drains and cesspools. We feel justified in stating that three-fourths of all the sink drains and cesspools in town are not provided with traps. The Board has condemned all such wherever found, and forbid their use until properly trapped.

During the past year the Board has taken samples of water from wells used for domestic purposes, and had the same analyzed, and, with but two exceptions, the water was found to be of very poor quality. This goes to show the necessity for the town to provide a better and purer water supply for all its inhabitants.

RICHARDSON KNOWLAND,	}	Board of Health.

## TOWN WARRANT.

---

The legal voters of this town are hereby notified to meet at the Town Hall, on Monday, the eleventh day of March next, at 8 o'clock, A.M., to act on the following articles, viz.:

ARTICLE. 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of committees, and act thereon.

ART. 3. To choose all necessary town officers for the ensuing year; also members of the School Committee for three years, in place of William D. T. Trefry, William Neilson, Jr., and James C. Graves, whose terms expire; two Trustees of Abbot Public Library for three years, in place of Jonathan H. Orne and Nathan P. Sanborn, whose terms expire; a Park Commissioner for three years, under the Act of 1881, in place of Moses Gilbert, whose term expires; a Park Commissioner for three years, under the Act of 1882, in place of Moses Gilbert, whose term expires; also a Water Commissioner for three years, in place of Robert C. Bridge, whose term expires; also to give in their ballots "Yes" or "No," to the following question: "Shall licenses be granted for the sale of intoxicating liquors in this town?"

ART. 4. To vote compensation to the Town Clerk, Town Treasurer, Collector of Taxes, Surveyor of Highways, for the ensuing year.

ART. 5. To see what compensation the Town will allow the firemen the ensuing year.

ART. 6. To make the necessary appropriations for defraying the expenses of the Town, for the ensuing year.

ART. 7. To see if the Town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes, and payable therefrom.

ART. 8. To see what disposition the Town will make of receipts from the "Dog Fund," the ensuing year.

ART. 9. To see if the Town will accept the list of names prepared by the Selectmen, as Jurymen.

ART. 10. To see if the Town will make an appropriation for Abbot Public Library.

ART. 11. To see if the Town will vote to appropriate one hundred and fifty dollars for John Goodwin, Jr., Post 82, G. A. R., for defraying the expenses of Memorial Day.

ART. 12. To see if the Town will vote to accept Chapter 264 of the Acts of 1886, in relation to voting precincts.

ART. 13. To see what action the Town will take in relation to building an engine-house, agreeably to the petition of the Board of Firewards.

ART. 14. To hear the report of the Park Commissioners, and act thereon.

ART. 15. To see if the Town will make an appropriation for the use of the Park Commissioners.

ART. 16. To see if the Town will appropriate five hundred dollars for edgestones.

ART. 17. To see what action the Town will take in relation to discounts on taxes.

ART. 18. To see what action the Town will take in relation to building an Armory for Company C, 8th Regiment, M. V. M.

ART. 19. To see if the Town will vote to accept and allow the way known as Devereux street, as laid out by the Selectmen, and make an appropriation to build the same.

ART. 20. To see if the Town will vote to accept and allow the way known as Valley street, as laid out by the Selectmen, and make an appropriation to build the same.

ART. 21. To see if the Town will vote to accept and allow the way known as Beach avenue, as laid out by the Selectmen, and make an appropriation to build the same.

ART. 22. To see if the Town will vote to accept and allow the straightening and widening of School and Sewall streets, as laid out by the Selectmen, and make an appropriation to build the same.

ART. 23. To see if the Town will authorize and instruct the Board of Water Commissioners to erect and construct an iron reservoir on land of the town or elsewhere, and make provision

for the payment of the cost of the same, and for the water pipe leading thereto, from the proceeds of the sale or pledge of any issue of Water Loan Bonds which may be authorized at this town-meeting ; the work to be done, the expense to be incurred, and the bonds to be issued strictly in accordance with, and under the authority given by Chapter 325 of the Acts of the Legislature of 1886, as amended by Chapter 316 of the Acts of 1887, and as further amended by Chapter 236 of the Acts of 1888.

ART. 24. To see if the Town will vote to continue the water pipes and lay them from Selman street, through Front to Union, through Union to Lee street, and take action in reference to matters appertaining thereto, under the provisions of Chapter 325 of the Acts of the year 1886, as amended by Chapter 316 of the year 1887, and Chapter 236 of the year 1888.

ART. 25. To see what action the town will take in reference to the further issue and sale or pledge of bonds of the town, under the provisions of Chapter 325 of the Acts of the year 1886, as amended by Chapter 316 of the Acts of the year 1887, and Chapter 236 of the Acts of the year 1888, for the purpose of raising money to pay the necessary expenses and liabilities incurred or to be incurred, in carrying out the provisions of said Acts ; also to see whether the town will appropriate the proceeds of such bonds, or the money raised by a pledge of the same, to the payment of such expenses and liabilities.

ART. 26. To see what action the Town will take in reference to the establishment of a " Sinking Fund," or making other provisions in accordance with the requirements of Chapter 325 of the Acts of the year 1886, as amended by Chapter 316 of the Acts of the year 1887, and Chapter 236 of the year 1888, for the payment of bonds which may be authorized by the town under Article 25.

ART. 27. To see if the Town will in case of a pledge of the Water Loan Bonds, under the authority given by the vote in answer to Article 25, authorize the Town Treasurer to issue the note or notes of the town signed by him for the amounts bor-

rowed, to be secured by such bonds, and to be payable at such times and at such rate of interest as shall be determined by said Treasurer and Board of Water Commissioners, if such note or notes are required by the lender.

ART. 28. To see if the Town will vote compensation to the Board of Selectmen for the ensuing year.

ART. 29. To see if the Town will vote to appropriate the sum of seventy-five dollars for the finishing of Beacon street.

ART. 30. To see if the Town will vote to permit the Water Commissioners to take gravel from the town gravel pit to be used in filling trenches in streets where water pipes are laid.

ART. 31. To see if the Town will repeal any or all the by-laws adopted by the town January 28, 1889, in relation to fire limits.

### REPORT OF CHIEF ENGINEER.

The Marblehead Fire Department consists of a Chief Engineer and four Assistant Engineers; two steam fire-engine companies of twenty-three men each, including engineer, fireman and driver for each; two hand-engine companies of fifty men each; a hook and ladder truck and sail car with fifty men; one hose-carriage with twenty men; a horse hose-carriage with driv-

er and a supply wagon, making a total of one hundred and twenty-two men. Of this number three are permanent men, including one engineer and janitor of steamer-house ; one driver of steam fire-engine and water-cart ; and one driver of hose-carriage. Drivers, firemen and engineers of steamers sleep in the house.

### HOUSES.

During the past year a new and commodious brick engine-house has been erected by vote of the town. This house, situated on School street, on the site of the steamer-house destroyed in the great fire of 1888, will be ready for occupancy about the first of April. Adequate quarters are thus provided for both steamers, the hook and ladder and sail car and the horse hose-carriage. The building occupied for many years by the Washington Hook, Ladder and Sail Company has become unfit for occupancy. The houses occupied by the Gerry, Pickett and Liberty Hose companies are in good condition.

### HOSE.

There are now in the department 6,500 feet of hose, all in good condition. Of these 500 feet are on the Farms, and 500 on the Neck, with carriages containing the same. The remainder is distributed in the several engine-houses in town.

### FIRE RECORD FOR THE YEAR 1889.

- Jan. 10. Cottage owned by D. S. Winters, Clifton. Insurance unknown.
- Feb. 15. House of John Peach, Russell street. Damage, to house and furniture, \$1,500.
- March 24. Dwelling-house on Rowland street occupied by Mrs. Tangley. Damage, slight.
- March 30. Devereux Mansion, H. F. Pitman's estate. Insurance, \$8,500.
- April 18. Grocery store of S.-F. McClearn. Damage, to stock and household effects, \$1,000.
- Dec. 15. Ryan cottage on the Neck, owned by H. C. Little of Boston. Total loss. Insurance, \$1,000.

Dec. 23. Cottage owned by Peter Cortee, Lindsey street.  
Damage to house and furniture. Insurance, \$2,000.

I desire to extend thanks to my associates on the Board of Engineers for their zealous co-operation in all matters pertaining to the department; to the officers and members of the several companies for their prompt response to duty and interest in the department; and to the Chief of Police and his assistants for their readiness in responding to all our calls.

### RECOMMENDATIONS.

During the past year the town has introduced an excellent system of water supply for fire and domestic purposes. This will necessitate a decided change in the organization of the fire department. It is, therefore, recommended that the two hand-engines be put out of commission, and that hose wagons or carriages be substituted for them; that the steamer Col. William R. Lee be put out of service and held in reserve as a spare engine, with no company attached, and located at the M. A. Pickett engine-house. This can be done without detriment to the department, as the engine has been practically out of commission since the great fire of 1888, answering only to second alarms.

In view of the fact already stated that the present quarters of Washington Hook and Ladder Company are inadequate to the necessities of the company and in a bad condition generally, it is recommended that the apparatus be removed to the new engine-house on School street, where suitable quarters have been provided. The hook, ladder and sail carriage is also much impaired, and the ladders so decayed as to render their use exceedingly dangerous. The purchase of a more modern truck upon which the ladders may be carried separately on rods, so that any length of ladder can be obtained without removing all on the truck, is therefore recommended. The expense of this change would be very small, and the benefit to the department very great.

There being no further use for two horses formerly used on the steamers, their sale is recommended, as is also that of the house and land now occupied by Washington Hook and Ladder Company.

ISAAC ATKINS,

Chief Engineer.

## HIGHWAY ACCOUNT.

Ink, paste, etc., - - - - -	55	
	<hr/>	
	\$1,246	00
Balance to the credit of Library Fund, Feb. 8, '90,	\$16,887	45

The whole number of books in the Library, January 1, 1889, was 9,240. Fifteen were taken out during the year, being too much worn to re-bind; 41 books were given to the Library and 360 purchased at an average of nearly 83 cents, leaving the whole number on January 1, 1890, 9,626. The books were classified as follows:

Reference,	-	-	-	-	-	-	-	16
General Literature,	-	-	-	-	-	-	-	59
Science and Art,	-	-	-	-	-	-	-	20
Travel and Adventure,	-	-	-	-	-	-	-	30
Fiction and Juveniles,	-	-	-	-	-	-	-	181
History and Biography,	-	-	-	-	-	-	-	43
Politics, Law, and Social Science,	-	-	-	-	-	-	-	9
Religion,	-	-	-	-	-	-	-	2
Poetry,	-	-	-	-	-	-	-	12
Magazines,	-	-	-	-	-	-	-	29
								<hr/> 401

The books presented to the Library were from the following sources: Mr. John B. Gerts, 35; State of Massachusetts, 2; Miss Eunice Hooper, Mrs. D. R. Hathaway, Hon. W. D. Northend and Frank L. Pope, 1 each.

The number of books re-bound in 1889, was 156. The whole number of cards to take out books issued from the opening of the Library to date, is 4,420, an increase of 155 for the past year. The number in use varies from time to time, and is, at present, somewhat less than two thousand. Since the Library was first opened one hundred and thirty-eight books have been worn out so that they were not worth re-binding. The whole number issued to January 1, 1890, twelve years (not including those used in the room), is three hundred and eighty-eight thousand one hundred and thirty-five (388,135), an average of 32,344 a year. No books have been unaccounted for the past year.

MARBLEHEAD, Feb. 8, 1890.

## REPORT OF THE BOARD OF WATER COMMISSIONERS.

A great advance has been made during the past year in our water system. The town has now fifteen and four-fifths miles of cast-iron water pipe of the following sizes: Of 14-inch, 4,830 feet; of 12-inch, 6,247 feet; of 10-inch, 23,925 feet; of 8-inch, 24,231 feet; of 6-inch, 22,636 feet; and of 4-inch, 1,287 feet, on which are set 159 fire hydrants, 137 gates, 2 drinking fountains, an iron stand-pipe reservoir with a capacity of 505,000 gallons. The town has a supply of excellent water, and so far as it is possible to be safe from interruptions due to accidents, and to insure a constant supply of water, it may be said that we are trebly protected by our own supply and apparatus and by pipe connection with both the town of Swampscott and the city of Salem. This great advance towards the completion and perfection of our water system may be said to have been voluntary in part and in part compulsory. In November, 1888, and in March, 1889, the town instructed the Water Commissioners to purchase and lay about five and one-half miles of pipe in various streets and to erect a stand-pipe reservoir; and while this work was in progress, about the first of May, the Marblehead Water Company notified the town that they should cease to supply it with water on the first day of July, 1889, unless the town would bind itself to continue to use their water for a period of five years; and that also under some additional restrictions and limitations in regard to the use of water, and the

control of our pipe system. The only concession from this decision which we could obtain by consultation with the managers of the company was in regard to time, they finally agreeing to start the five years' contract from July 1st, 1888.

We have always regarded the establishment of an efficient water system in the two-fold light of a great public benefit, by which it may be made possible for the people of the town to obtain pure water for all purposes, to promote health, happiness and business, and also safety to persons and property. We have considered it possible, also, that with wise and judicious management this could be done without placing any burden upon the tax-payers, or, in other words, that the receipts from water rates would pay the cost of the system and its maintenance. This proposition, therefore, to bind us for a term of four years, and to deprive us of all receipts, for the development of our plan, was disappointing, and we began to look around for a remedy. Work on a system of driven wells was commenced early in May, and early in June pipe was ordered to be laid to the Salem line, for the purpose of connecting with Salem's water system, and on July 1st we were ready to dispense with the Marblehead Water Company's water if it had been necessary, the city of Salem having kindly agreed to supply us until we could pump water from our own wells. But nature and man are both ready to help those who help themselves, and when it was found that we could help ourselves we were offered the privilege to take water from the Marblehead Water Company by the month if we chose to, and this privilege was accepted for three months at a cost of \$300 00 per month. At 8.30 o'clock A.M., on the first day of October, the water which had flowed from Swampscott for two years and three months was shut off and a half hour later the water from the Lake's Hill supply which had the day before been pumped into the reservoir made its first bow to the people of Marblehead.

Then came a welcome visitor long to remain with us, loaded with blessings who can measure? And with good who can tell? Since that first day of October, 1889, the town has been constantly supplied with pure water from this source, with one exception in October when in consequence of a break in the sand

chamber of the well system, which prevented pumping, Wenham Pond water was let on and our system was supplied therefrom for a few days. The perfect working of the entire system demonstrates the wisdom of the plan and method of construction.

Our average daily consumption of water now is about 80,000 gallons in twenty-four hours, and a large part of this may be said to be running to waste through several open blow-offs. Our pipe system is very liberal in size, and is arranged in the most practical manner to afford the greatest efficacy; practically the capacity of a 14-inch pipe under the great pressure from the reservoir is seeking an outlet from all parts of the system.

Before final acceptance from the contractor who laid the pipe, a water-pressure test varying according to levels, from 180 to 210 pounds per square inch, was exerted upon the entire new system with satisfactory results. Ten leaks in the entire system have been discovered and repaired; seven were from cracked pipe and but three from joint leaks, out of the almost innumerable joints in the system.

The stand-pipe reservoir is located on a solid blue ledge foundation on land of the Town Farm, and if the reader will consult a map, it will be found to be almost in the exact center of the territory of the town, both lengthwise and breadthwise. It is located and planned, and connected to the system of pipes in such a manner as to give to all parts of the town the most effective service, and but few of our citizens have a proper conception of the service which this elevated body of water is capable of rendering. A partial illustration of its size and capacity may be conveyed by a comparison with the Brick Pond reservoir. This latter is about 60x25 feet, and if the water in it were 10 feet deep its capacity in gallons would be 112,200. It would require the contents of four and one-half of such reservoirs to fill the stand-pipe, and the bottom of this body of water stands seventy-eight feet above high-water level.

### OUR WATER SUPPLY.

This has always been a perplexing question. That we should have such a supply has been made plain to every one for many years, and in divers ways, many of which could be plainly seen, while many have been felt, severely perhaps, without full

recognition. Who can tell what sickness and deaths have resulted from the drinking of impure water from our wells? That most of them are impure there is but little doubt. Some of our citizens, not fully realizing the quantity of water which a town supply means, to allow for the most liberal use and much unavoidable waste, have cherished the belief that there were several sources within the limits of the town where a supply could be obtained; but investigation and experiment have failed to find such a location. The location of the supply which we have chosen, though not in town, is so near to its boundary line as not to be inconvenient or very expensive to reach with pipe mains. The indications point to a supply there abundantly ample for all the town's needs for many years to come, through the variable seasons of rains and droughts. We have not recommended this supply to the town without proper information, study and observation. That there is an amply supply of water there seems to be well assured. The problem not yet fully solved is how to arrange our wells and pumping plant to grasp this water most easily, copiously and economically. The quality of this water is remarkable for its purity and its adaptability to all domestic and manufacturing purposes. It is palatable, soft for washing and free from the lime deposit which forms the scale on steam boilers. Our pumping plant and well system is yet in a crude state. It was located for the purpose of testing the water possibilities of the locality. It is doing remarkably well for such a temporary affair, forcing water to the top of the stand-pipe without unusual effort, and it will undoubtedly continue to supply our needs until we can decide upon and obtain something of a more permanent nature.

#### COST OF THE WORK.

The cost of the work of construction to this time is represented by the issue of \$117,000 00 of Town of Marblehead Water Loan Bonds at 4 per cent. interest. In addition to this bills to the amount of \$11,432 19 have been paid by the Water Commissioners, and there are bills outstanding to about \$500 00, making a total of \$128,932 00. The further issue of \$33,000 of bonds authorized in December last has been negotiated and sold at 107. The system is yet incomplete. We must purchase

land at the source of supply; we must enlarge and improve our well system; erect a suitable brick building for a pumping station; and we must purchase substantial and permanent pumping machinery. We have also about eight and a half miles of public streets which are not yet piped. A previous estimate of the cost of the entire system complete was \$200,000, and those figures look to be very nearly correct now.

To Mr. Frank L. Fuller, our worthy engineer, belongs very largely the credit of the successful progress of the work. To him our thanks are due.

#### OPERATING.

A list of water takers, showing the number and the amount of each one's indebtedness from July 1st, 1889, was turned over by the Marblehead Water Company to the Water Commissioners, and our accounts now show a very material increase both in number of takers and amount of water rate receipts. The number of water takers now is 287, which number is below the actual, as in some instances, notably at Clifton, there are several houses supplied from one tap in the main pipe and paid for by one individual and counted by us as one taker. The total yearly rates from the present number of water takers is \$4,146 00. The total amount which will be due and payable by the present number of takers to the first day of July, 1890, will be \$3,853 92. The difference of \$292 08 less than the yearly rates is a deduction for the proportional part of the year which had expired previous to the commencement of many of the water takers. It is expected that our water takers will increase very materially during the coming year.

SIMEON DODGE,

Com. on  
Water Supply.

Marblehead, Feb. 13, 1890.

## TOWN WARRANT.

---

The legal voters of this town are hereby notified to meet at the Town Hall, on Monday, the tenth day of March next, at 8 o'clock, A.M., to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of committees and act thereon.

ART. 3. To choose all necessary town officers for the ensuing year; also members of the School Committee for three years, in place of William Gilley, Thomas W. Tucker and William H. Coates, whose terms expire; also two Trustees for Abbot Public Library for three years, in place of Daniel Appleton and N. Allen Lindsey, whose terms expire; also one for one year, in place of Henry A. Potter, elected to fill vacancy caused by resignation of Joseph W. Chapman; also three Park Commissioners, one for one year, in place of Daniel R. Hathaway, deceased; one for two years, in place of John H. Widger, who declines to serve; one for three years in place of Francis Boardmad, whose term expires; a Water Commissioner for three years, in place of John F. Harris, whose term expires; also to give in their ballots "Yes" or "No," to the following question: "Shall licenses be granted for the sale of intoxicating liquors in this town?"

ART. 4. To vote compensation to the Town Clerk, Town Treasurer, Collector of Taxes, Selectmen and Auditors for the ensuing year.

ART. 5. To see what compensation the Town will allow the firemen the ensuing year.

ART. 6. To make the necessary appropriations for defraying the expenses of the Town for the ensuing year.

ART. 7. To see if the Town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes, and payable therefrom.

ART. 8. To see what action the Town will take in relation to "Discount on Taxes."

ART. 9. To see what disposition the Town will make of the receipts from the "Dog Fund," the ensuing year.

ART. 10. To see if the Town will accept the list of names prepared by the Selectmen as Jurymen.

ART. 11. To see if the Town will make an appropriation for Abbot Public Library.

ART. 12. To see if the Town will vote to appropriate one hundred and fifty dollars for John Goodwin, Jr., Post 82, G. A. R., for defraying the expenses of Memorial Day.

ART. 13. To see if the Town will vote to appropriate five hundred dollars for edgestones.

ART. 14. To see if the Town will require the School Committee to appoint a Superintendent of Schools, and make an appropriation therefor.

ART. 15. To see if the Town will vote to procure land for enlarging the lot of the Sewall school-house.

ART. 16. To see if the Town will take measures for procuring land to be used as a Cemetery.

ART. 17. To see if the Town will vote to petition the General Court for authority to increase its Water Loan a further amount, not exceeding \$50,000.

ART. 18. To see what action the Town will take in reference to the recommendations of the Chief Engineer, as set forth in the Auditors' Report.

## REMARKS.

The Board of Auditors, in the preceding pages, respectfully present their report of the receipts and disbursements of the several boards of town officers. They would also make the following recommendations :

First, as to the name, Board of Auditors. As a matter of fact, under the present system the board is not an auditing board at all ; but a Board of Examiners. We would respectfully recommend that hereafter all bills be submitted before payment to the Board of Auditors for examination after being approved by the department contracting them.

The town appears to have expended more in certain instances than citizens have paid for similar articles. How much of that sort of thing has escaped our notice it is, of course, impossible to say ; but the practice of having a board to audit bills and not merely examine them could not fail, in our judgment, to prove beneficial.

One little matter concerning the Fire Department calls for a suggestion. The *total* receipts from Street Sprinkling should be turned into the Town Treasury, and if the Department is to be allowed to spend any of these receipts, it should be done only by orders drawn by the Board of Firewards, as appropriations are spent. The point of this will be seen in the Street-sprinkling account, where items that should have been charged to the new engine house, salaries, etc., have not passed through the hands of the Town Treasurer and could not be accounted for by him. This practice does not permit the citizens to determine the exact cost of things, which is

the prime object of the annual report. The cost of the new engine house, for instance, is not complete without the amount spent for a vane out of the Street-sprinkling receipts. The Salaries account, the Hay, Grain and Feed account, etc., need sundry items paid from the sprinkling receipts in order to make them complete. On the other hand the amounts paid from the Treasury for the expenses of the watering cart should have been paid from the receipts for street sprinkling.

In regard to the condition of things at the Almshouse the board is satisfied that with the amount appropriated and the facilities at their disposal the keeper and matron are doing all that can be expected of them. The best we can do here is to beg the citizens to go and look the premises over and ask themselves if the comforts and conveniences are such as would be satisfactory to them were they to be thrown upon the charity of the town. The authorities having the management of the poor appear to have been actuated by a desire to serve the best interests of the town. Whether a more liberal policy is desirable for the future we will not venture to suggest.

The appropriations made last year to meet the current expenses are printed in this report at the beginning of the several departments. It would seem that these figures with little changes might be made the basis of this year's appropriations, also. The addition of new streets will be likely to add to the expenses of street maintenance and call for a slight increase in that department. In the matter of Interest it will be necessary to make an adequate appropriation or overdraw the account, as interest charges must be met. We therefore recommend that \$12,500 be appropriated for this account.

There are already appropriated (to be paid from the polls and estates of 1891) about \$25,000, a fact to be taken into the account when the regular appropriations are made.

Respectfully submitted,

ALBERT H. WINSLOW,	}	<i>Auditors.</i>

## TOWN WARRANT.

The legal voters of this town are hereby notified to meet at the Town Hall, on Monday, the ninth day of March next, at 8, A.M., to act on the following articles, viz. :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of committees, and act thereon.

ART. 3. To choose all necessary town officers for the ensuing year ; also members of the School Committee for three years, in place of Isaac W. Mason, Jr., Philemon Eveleth, Lawrence E. Kiely, whose terms expire ; one member of the School Committee for one year, in place of William D. T. Trefry, resigned ; two Trustees of Abbot Public Library for three years, in place of William D. T. Trefry and Henry A. Potter, whose terms expire ; one Trustee of Abbot Public Library for one year, in place of Jonathan H. Orne, deceased ; a Park Commissioner for three years, in place of Horace Cloon, whose term expires ; a Water Commissioner for three years, in place of George W. Grader, resigned ; a Trustee of Abbot Fund, in place of Samuel Sparhawk, deceased ; also to give in their ballots " Yes " or " No " to the following question : " Shall licenses be granted for the sale of intoxicating liquors in this town ? "

ART. 4. To vote compensation to the Town Clerk, Town Treasurer, Collector of Taxes, Selectmen, for the ensuing year.

ART. 5. To see what compensation the Town will allow the firemen the ensuing year.

ART. 6. To make the necessary appropriation for defraying the expenses of the Town, for the ensuing year.

ART. 7. To see if the Town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes, and payable therefrom.

ART. 8. To see what action the Town will take in relation to " Discount on Taxes. "

ART. 9. To see what disposition the Town will make of the receipts from the " Dog Fund, " the ensuing year.

ART. 10. To see if the Town will accept the list of names prepared by the Selectmen, as Jurymen.

ART. 11. To see if the Town will make an appropriation for Abbot Public Library.

ART. 12. To see if the Town will vote to appropriate one hundred and fifty dollars for John Goodwin, Jr., Post 82, G. A. R., for defraying the expenses of Memorial Day.

ART. 13. To see if the Town will vote to appropriate five hundred dollars for edgestones.

ART. 14. To see if the Town will vote to appropriate three hundred dollars, as compensation to the Auditors, for the ensuing year.

ART. 15. To see if the Town will vote to appropriate one thousand dollars as "Soldiers' Relief."

ART. 16. To see if the Town will make an appropriation for a Superintendent of Schools.

ART. 17. To see if the Town will adopt a by-law in relation to truancy.

ART. 18. To see if the Town will accept the provisions of Sections 1, 2, 3, 4, 5, 6, 7, 8 and 9 of Chapter 51 of the Public Statutes, in relation to betterments and other assessments, on account of the cost of "Public Improvements;" and all Acts in amendment thereof and addition thereto.

ART. 19. To see if the Town will petition the legislature for an Act to allow it to establish an electrical plant, for the purpose of furnishing light and power to itself and its inhabitants.

ART. 20. To see if the Town will vote to locate two Drinking Fountains for animals, one at or near the Town Hall, the other near the junction of Franklin, Washington and Orne streets, and make an appropriation for the same.

ART. 21. To see if the Town will vote to accept Chapter 264 of the Acts and Resolves of 1890, entitled an Act Relating to Public Cemeteries.

ART. 22. To see if the Town will vote to make an additional appropriation to build an Armory for Co. C, 8th Regiment, M. V. M., on the site purchased by the Selectmen, or on some other site to be selected.

ART. 23. To see if the Town will vote to prepare and print a "Valuation Book," for the year 1891, and make an appropriation therefor.

REPORT OF THE TRUSTEES

— OF THE —

ABBOT PUBLIC LIBRARY

FOR THE YEAR 1890.

# REPORT OF TRUSTEES OF ABBOT PUBLIC LIBRARY.

TO THE HONORABLE BOARD OF SELECTMEN OF MARBLEHEAD.

Balance to the credit of the Library Fund, as	
per last Report, - - - - -	\$16,887 45
Received income of "Abbot" Fund one year, -	640 00
" " " "Peale" Fund one year, - -	60 00
Town appropriation, April, 1890, - - -	500 00
Received and deposited with Town Treasurer	
from fines, 106 67; cards sold, 19 70; bul-	
letins, 15 83; waste paper, .13, - -	142 33
	<hr/>
	\$18,229 78
Paid for Books, - - - - -	\$427 05
Binding and repairs, -	40 50
Salaries, - - - - -	600 00
Extra assistance in Library, -	38 10
Card Catalogue, - - - -	30 00
Stationery and Printing, -	96 87
Newspapers and Periodicals, -	115 00
Furniture and Fixtures, -	147 22
	<hr/>
Amount carried forward, -	\$1,494 74

Amount brought forward,	\$1,494 74	
Messenger, 1889, 6 00 ; 1890, 6 00, 12 00		
Postage, 4 00 ; express, 9 00,	13 00	
Cleaning rooms,	- - -	4 00
Water Board, - - - -		7 00
Miscellaneous, - - - -		3 02
	<hr/>	\$1,533 76

Balance to the credit of Library Fund, Feb. 10, '91, \$16,696 02

Twenty books have been taken from the library, so far used up as not to be worth rebinding. The whole number of books in the library January 1, 1891, was 10,009 ; same date a year ago, 9,626. 142 books were rebound in 1890.

The whole number of books added during the past year to January 1, 1891, was 403. Of these 64 were given by the following persons and organizations as follows: United States by E. F. Stone, 29 ; state of Massachusetts, 11 ; city of Boston, 2 ; George S. Brown, Nova Scotia, 1 ; Mrs. H. B. Howe 12 ; Charles H. Cobb, 2 ; Wilbur Larremore, 1 ; Emily Crowninshield, 1 ; Robert M. Lawrence, 1 ; Daniel Appleton, 1 ; Seawanhaka Y. C., 2 ; Wilford Woodruff, 1.

339 were purchased at an average cost of \$1.26.

The additions were classified as follows :

Reference,	- - - - -	42
General Literature,	- - - - -	28
Science and Art,	- - - - -	28
Travel and Adventure,	- - - - -	47
Fiction and Juveniles,	- - - - -	173
History and Biography,	- - - - -	60
Law, Politics, and Social Science,	- - - - -	4
Religion,	- - - - -	2
Poetry,	- - - - -	5
Magazines,	- - - - -	14

The number of cards (not counting renewals) to date is 4,584, an increase of 164 for the year.

“No orders shall be drawn by the Auditors upon the Treasurer against any appropriation in excess of such appropriation, and no money shall be paid out by the Treasurer except for state and county taxes, interest or principal of any town debt, or execution issued against the town, without an order from the Auditors.

“The Auditors shall meet at least once a week, and shall keep a book showing the different appropriations and the amounts thereof, and also the amounts of the orders drawn by them against the different appropriations, and shall report to the different boards and committees, on the first Monday of every month, the condition of the appropriations under the supervision of said boards or committees, and shall also report to such boards and committees when any of such appropriations are exhausted.

“Upon the acceptance or payment by the Treasurer of any order drawn by the Auditors, he shall at once charge the same to the appropriation upon which it is drawn; and no order shall be accepted or paid by him beyond the amount of the appropriation against which the same is drawn.”

#### AT THE

**Almshouse** we found everything in first-class condition. The walls have been painted and blinds placed on all the windows. A large range with a hot-water heater attached has been placed in the kitchen. A Tbayer Hot-Water Heater has been purchased and placed in the house, which heats all the rooms in a very satisfactory manner. The matron says it has been very convenient the past winter there being so much sickness. Four set tubs have been put in for laundry purposes. A first-class bath-tub and set bowl and water closets have also been added, and the general condition of the house much improved.

## IN THE MATTER OF

**Appropriations** we would recommend that they be made for special purposes so far as possible, and would refer the citizens to the amounts expended in the years of 1890-91 and 1891-92.

## AN

**Index** has been placed in the back part of the report.

Respectfully submitted,

ALBERT H. WINSLOW,  
GEO. H. THORBURN, } *Auditors.*  
THOMAS INGALLS, JR., }

## TOWN WARRANT.

The legal voters of this town are hereby notified to meet at the Town Hall, on Monday, the seventh day of March next, at 8 o'clock, A.M., to act on the following articles, viz. :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of committees and act thereon.

ART. 3. To choose all necessary town officers for the ensuing year ; also members of the School Committee for three years, in place of James C. Graves, Rachel F. Humphrey and John L. Egbert, whose terms expire ; one member of the School Committee for two years, in place of Francis S. Bacon, removed from town ; two Trustees of Abbot Public Library for three years, in place of Nathan P. Sanborn and William D. T. Trefry, whose terms expire ; one Trustee of Abbot Public Library for two years, in place of Thomas W. Tucker, resigned ; a Park Commissioner for three years, in place of Walter R. Arrington, whose term expires ; a Water Commissioner for three years, in place of Robert C. Bridge, whose term expires ; also give in their ballots "Yes" or "No" to the following question : "Shall licenses be granted for the sale of intoxicating liquors in this town?"

The polls will be opened at 8.30 o'clock, A.M., and may close at 4 o'clock, P.M.

ART. 4. To vote compensation to the Town Clerk, Town Treasurer, Collector of Taxes, Selectmen and Auditors for the ensuing year.

ART. 5. To see what compensation the town will allow the firemen for the ensuing year.

ART. 6. To make the necessary appropriations for defraying the expenses of the town for the ensuing year.

ART. 7. To see if the town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes, and payable therefrom.

ART. 8. To see what action the town will take in relation to Discount on Taxes.

ART. 9. To see what disposition the town will make of the receipts from the Dog Fund the ensuing year.

ART. 10. To see if the town will accept the list of names prepared by the Selectmen as Jurymen.

ART. 11. To see if the town will make an appropriation for Abbot Public Library.

ART. 12. To see if the town will vote to appropriate one hundred and fifty dollars for John Goodwin, Jr., Post 82, G. A. R., for defraying the expenses of Memorial Day.

ART. 13. To see if the town will vote to appropriate five hundred dollars for edgestones.

ART. 14. To see if the town will make an appropriation for a Superintendent of Schools, agreeably to the petition of Thomas W. Tucker and others.

ART. 15. To see if the town will vote to appropriate one thousand dollars as "Soldiers' Relief."

ART. 16. To see if the town will elect a committee of three to arrange a system of Auditing the Town Accounts, and authorize the Auditing Committee, Town Treasurer, and the several Boards of Town Officers to use said system; agreeably to the petition of Albert H. Winslow and others.

ART. 17. To see if the town will repeal or modify Articles 2, 3, 4, 5 and 6 of the By-Laws passed January 28, 1889, entitled By-Laws for establishing fire-limits for said town; agreeably to the petition of John C. Adams and others.

ART. 18. To see if the town will make an appropriation for the completion of the Armory for Co. "C," 8th Regt., M. V. M.

ART. 19. To see if the town will make an appropriation for Jersey street.

Water, - - - -	3 00
	<hr/> \$1,290 27

Balance to the credit of Library Fund, Feb. 20, 1892,	\$17,385 10
---	-------------

Seventy books have been taken out of the library as not worth repairing. The whole number of books in the library January 1, 1892, was 10,493; on January 1, 1891, 10,009. 160 books were rebound in 1891.

The whole number of books acquired by the library for the year ending January 1, 1892, was 554. Of these, sundry persons and the

government gave 200, as follows: Stephen H. Phillips, 121; O. H. Booth, 1; Sarah Crocker, 1; Mrs. Daniel Hathaway, 2; Mrs. J. M. Cropley, 1; A. E. Lancaster, 1; Mrs. Grace A. Oliver, 1; Hartford Insurance Co., 1; Mrs. H. B. Howe, 6; U. S. Government, 65.

354 books were bought at an average cost of \$1.09.

The additions were classified as follows:

Reference, - - - - -	175
General Literature, - - - - -	8
Science and Art, - - - - -	18
Travel and Adventure, - - - - -	36
Fiction and Juveniles, - - - - -	197
History and Biography, - - - - -	80
Law, Politics and Social Science, - - - - -	10
Religion, - - - - -	7
Poetry, - - - - -	4
Magazines, - - - - -	19

554

The number of cards (not reckoning renewals) issued to date from the opening of the library is 4,742, an increase of 158 for the year.

MARBLEHEAD, Feb. 23, 1892.

## REPORT OF THE BOARD OF FIREWARDS.

### TO THE LEGAL VOTERS.

*Gentlemen* :—We herewith submit our report for the year ending February, 1892. In the following report will be found a statement of the manual force and apparatus, a record of all fires and alarms, showing the loss and insurance as near as could be ascertained, a list of officers and members, and such information as may be of interest to the citizens. We also have the pleasure to congratulate the citizens of the town on the small loss of property the past year.

### FORCE OF THE DEPARTMENT.

The department consists of a Chief Engineer, 4 assistants, 4 permanent men, 60 hose men, 15 hook-and-ladder men, making a total force of 84 men. The permanent men are located at the School-street engine house. We have one engineer for steamer, who is also superintendent of fire alarm; one driver, who is also stoker for the steamer; one driver for the hook and ladder truck, who is also driver for the street sprinkler, and one driver for the horse-hose.

### APPARATUS.

We have added to our department the past year one new supply wagon, automatic lightning attachment at the School-street engine house, and 1,000 feet of cotton hose. The department now consists of two steam fire engines, one hook and ladder truck carrying 210 feet of ladders, two chemical extinguishers, sails, jump net and fire escape, one supply wagon, seven chemical extinguishers, five hose carriages carrying 500 feet of hose each, one horse hose carrying 1,000 feet of hose, five horses and 6,800 feet of cotton hose.

### FIRE ALARM.

The fire alarm now consists of eighteen miles of wire, one 15-inch gong and indicator, three 8-inch gongs and indicators, five 5-inch strikers and twenty-four signal boxes. There have been 18 alarms the past year, also quite a number of fires that have been extinguished without any alarms.

### BUILDINGS.

Our houses are in very good condition. The past year we have made some repairs and alterations in the Gerry and M. A. Pickett hose houses; and few repairs will be needed the coming year.

## CONCLUSION.

To the citizens of the town for the interest at all times manifested and the aid received in promoting the efficiency of this department, we offer our sincere thanks.

To the Chief of Police and the force under his charge for their prompt attendance, and for the faithful manner in which they performed their duty, they will please accept our thanks.

To the Marblehead Gas Light Co. and employees for their promptness in giving the alarms of fire from their steam whistle, they will please accept our thanks.

FRANK L. WADDEN, *Chief.*

NATHANIEL HIGH, *1st Assistant.*

LEWIS C. HAMSON, *2d Assistant.*

BENJ. F. MARTIN, *2d, 3d Assistant and Secretary.*

JOHN PAINE, *4th Assistant.*

## FIRE RECORD FOR THE YEAR 1891-92.

## REPORT OF THE FIREMAN'S RELIEF ASSOCIATION.

ORGANIZED AUGUST 5, 1890.

The object is to assist the members of the Fire Department who have received an injury in body or health in the discharge of their duty as Firemen going to, working at, or returning from a fire. They shall receive the sum of five dollars per week for twelve weeks, and on the death of any member of the Association from injuries received while doing fire duty, the sum of fifty dollars shall be paid his heirs.

## REPORT OF ELECTRIC LIGHT COMMITTEE.

The committee chosen to consider the advisability of establishing a town electric-lighting plant present the following report :

Artificial light is one of the prime necessities of civilization. Well-lighted streets afford comfort, convenience, safety to person, safety to property, and police protection, for crime avoids the light. The more perfect the system of lighting, the more perfectly all these objects are accomplished. The modern method of lighting by electricity excels all others in power, in brilliancy, and in cheapness also, where it can be had at the actual cost of production and distribution, under favorable conditions and under a wise and prudent management.

There is probably no town in Massachusetts as large as ours that is not already enjoying some system of electric lighting, and there are many much smaller that have long been thus provided. Notwithstanding which fact, however, we as a town have reason to rejoice that we are not in the hands of an electric-lighting company.

Our town has always been peculiarly unfortunate in the matter of light. Gas, which has long been the almost universal agent for lighting elsewhere, with us has been so high in price as to preclude its very free use, and, therefore the oil-lamp with its many objections and its inefficiency has been continued and tolerated, and a miserable system of lighting at great cost for its meager return has been the result.

The following table taken from town reports shows the annual cost of this department for a period of twelve years.

1880. Street Lights,	-	-	-	-	-	\$1,037 44
Abbot Hall,	-	-	-	-	-	809 81
Town Hall,	-	-	-	-	-	78 04
Firewards,	-	-	-	-	-	25 34

---

\$1,950 63

1889.	Street Lights,	-	-	-	-	-	\$2,297	28	
	Abbot Hall,	-	-	-	-	-	777	98	
	Armory and Town Hall,	-	-	-	-	-	68	20	
	Firewards,	-	-	-	-	-	284	75	
									\$3,428 21
1890.	Street Lights,	-	-	-	-	-	\$2,752	16	
	Abbot Hall,	-	-	-	-	-	764	89	
	Town Hall,	-	-	-	-	-	71	89	
	Firewards,	-	-	-	-	-	195	82	
									\$3,784 76
1891.	Street Lights,	-	-	-	-	-	\$2,748	86	
	Abbot Hall,	-	-	-	-	-	789	40	
	Town Hall and Armory,	-	-	-	-	-	185	35	
	Firewards,	-	-	-	-	-	286	53	
									\$4,010 14

These figures show a rapid annual increase, and the current year will prove no exception; while a much greater increase may be expected for the year 1892, as the residents of the Neck have informed the Selectmen that they shall expect their portion of the town lighted next season. A very proper request, but it will add largely to the present total, and there will still remain many streets of the town to light. It is evident, therefore, that our present annual expenditure is far from its maximum, even though we continue our present plan of lighting with oil and gas. And while bearing constantly in mind the fact that our town is not now in a flourishing financial condition, and that the utmost caution should be exercised in assuming new obligations if at an increase of taxation, we should also bear in mind our obligations to give equal privileges to all our citizens so far as it is possible to do so, and to extend whatever system of street lights we have to all portions of the town as it is called for. As such extensions must necessarily cause a proportional increase in the cost, it becomes a question whether electricity may not be used very much more effectually, and also at less cost in proportion to the amount and quality of light obtained, and the committee have gathered and present the following information to assist in answering this question.

From a mechanical standpoint there is no obstacle whatever to the establishment and successful operation of a town electric-lighting plant, and there is much that is favorable. Our territory is small, 23 miles of wiring will cover the entire town with lights, a location for a building to contain the steam plant and the dynamos can be had, possessing the advantage of being central, which admits of dividing

the wire system into several circuits; of being a wharf with a good depth of water where coal can be brought to the boilers at the least possible cost for handling, and where, with the abundance of salt water, a condensing engine can be operated, thereby securing the utmost economy in fuel, an object of much importance, as the coal bill is the largest single item of expense in such a plant. The location which possesses these advantages and which presents itself favorably to the minds of the committee is the wharf property of Mr. Moses Gilbert.

Two plans for distributing the light for street lighting have been considered. One a system of 146 arc lights of 1,200 candle power each, distributed over the entire town. The other a system of 90 such arc lights and 100 incandescent series lights of 32 candle power, the latter to be placed in the least-traveled localities and where the foliage of trees would render the arc light of little effect. Both these systems would be operated from arc light dynamos, but for the incandescent lights needed in our public buildings and in the stores and residences of our citizens, an incandescent dynamo and an independent line of wiring will be required.

To operate such a system of lights as is here proposed and to allow a surplus of power for economy of operation and for increase in consumption, a steam engine will be required of about 150 horse-power capacity, and either one or two boilers, each sufficient in size to run such an engine economically. And as the successful operation of such an electric-lighting plant depends almost wholly on the efficient and economical working of the steam plant it is of the utmost importance that both engine and boilers are of the most approved type and construction, and the committee have investigated the merits of several. Such a steam engine and boiler should be located in a building built of brick and as nearly fire-proof as possible.

The electrical part of such a plant is the dynamo to generate, the wire to form a pathway, and the lamp with its mechanism for properly breaking the circuit to produce the light. There are several companies making and installing such electrical apparatus. The committee have investigated the merits of the most of them, and have received bids from several of them; and should the town decide to proceed to the installation of such a plant, then those to whom the work is entrusted will get close bids for the same, and in awarding the contract they will be governed somewhat by the prices submitted. All these suggestions complied with would provide an electric-lighting plant of the utmost efficiency and economy of operation that is obtainable at the present stage of development, and the cost of the same would be about \$40,000. A plant can be provided at much less

cost, but we consider it both wisdom and economy to obtain solidity, durability and the most approved machinery and methods in both steam and electrical apparatus, and a liberal margin in building space and steam power plant to admit of supplying electric light for sale to the citizens.

As before stated, the cost of lighting by electricity after the plant is established and paid for, is very much less for an equal amount of light than by any other agent.

We have estimated on a plant sufficient and suitable to thoroughly light the entire town and our public buildings, and some surplus beyond, and the cost of operating the same will be the wages of three men, the fuel, the carbons, the oil and waste, the ordinary repairs and depreciation, the renewals of lamps and globes, repairs and maintenance on the entire plant, insurance, telephone service, and a sum for other miscellaneous expenses. The total of these several items, estimated by an expert, will be \$5,700, or \$1,700 more for a thoroughly lighted town than we now pay for partially lighting it. It would seem to be wise then to adopt such a system, if a satisfactory plan could be arranged to pay for the plant without burdening the tax-payers, and the committee have given this matter consideration.

The statute of 1891 under which we must proceed, provides that towns which establish such lighting plants may pay for them by an issue of bonds to run over a period not exceeding thirty years, and a sinking fund must be established to provide for the payment of such bonds at maturity. No authority is given as the law now stands to make partial payments on the principal each year as we do on our water bonds.

If, therefore, we could sell a 4 per cent. bond for this purpose the annual interest on \$40,000 would be \$1,600, and the amount required as an annual contribution to the sinking fund would be \$725; which makes the total annual amount required to operate the plant and to pay for it \$8.025, or \$4,000 more than our lights cost us last year. We should consider this fact, however, that while last year we paid to various parties over \$4,000, and next year under our present system \$4,500 may be required. We simply have paid each year for the light consumed, and have nothing left when the light goes out. But in such annual payments for an electric-lighting plant we are paying for a wharf, a brick building, and a steam and electrical plant, good with the renewals and repairs (a percentage of which we have figured in the annual expense account), for all time, to do business with and to stand as a property asset to the town's credit, the same as a school-house or a town hall. And it may be questioned whether this additional sum must necessarily come from the tax levy. The

Legislature which passed this law sanctioning the establishment of such lighting plants, contemplated something more for it than merely public lighting. It was intended also to benefit the citizens individually, by enabling them to have a superior light for their homes and business places at moderate cost; and when our people see the advantage of the incandescent electric light in the important features of brilliancy, cleanliness, safety, healthfulness and cheapness (for we think it can be furnished cheaper than the local rate for gas), it may be presumed that a demand will be created for it sufficient to materially reduce the cost of our public lighting. And it is certainly possible that such an electric-lighting department, if well managed, may become self-sustaining beyond a reasonable sum which the taxpayers should contribute for public uses.

The committee publish this report now in answer to many inquiries. They make no recommendation, preferring that the citizens first express their wishes in the matter.

Unexpended balance, - - - - -	54 49
	<hr/>
Total appropriation,	\$10,000 00

There are nineteen dependent persons now at the Almshouse, ten of whom are males, and there are also four male boarders. Seven persons have been admitted to the Almshouse and nine have died during the year.

Eleven hundred and ten persons commonly called tramps have been lodged, and the most of them fed at the Almshouse during the year. The number in 1890 was 1,373, and in 1889, 1,557.

They have all been civil, humble and grateful, but our treasury has not been swollen by any money receipts from them.

W. J. GOLDTHWAIT, *Secretary.*

## SURVEYOR'S DEPARTMENT.

ARTICLES ON HAND, FEBRUARY 26, 1892.

23 barricade horses and 20 rails, 1 horse shovel, 1 wheel jack, 6 cart wrenches, 2 screw hammers, 1 flat drag, 1 gravel screen, 14 pieces 24-inch pipe, 2 pieces 20-inch pipe, 1 road roller, 2 barrels coal, 1 coal-hod, 1 water kettle, 1 stove, 1 lot chains, 2 sets lead bars, 1 water pot, 25 loads sand, 3 tons bedding, 1 scythe and snath, 3 manure forks, 4 pronged hoes, 2 iron rakes, 4 street hoes, 2 grub mattocks, 10 picks, 2 paving rammers, 4 crowbars, 1 tamping bar, 4 large drills, 2 spoons, 4 hand drills, 20 bags oats, 14 bags meal, 1 oil can, 1 paving hammer, 1 pair small dogs, 1 pair large dogs, 1 feed shovel, 5 brooms, 3 horse brushes, 3 curry combs, 3 mane and tail brushes, 1 hand hammer, 1 stall hook, 10 long-handled square-pointed shovels, 9 round-pointed long-handled shovels, 6 square-pointed hand shovels, 1 horse cover, 1 boil boot, 14 lanterns, 2 hay forks, 1 hay cutter, 4 tons

hay, 1 blacksmith shop, 1 small derrick and tackle, 1 large derrick and tackle, 2 gutter ploughs, 2 sidewalk ploughs, 2 snow pungs, 1 pung, 1 Democrat wagon, 1 light express wagon, 3 single carts, 4 double carts, 6 blankets, 8 collars, 1 light harness, 1 wagon harness, 2 chain harnesses, 4 cart harnesses, 6 sets double harnesses, 2 axes, 7 horses,  $\frac{1}{2}$  barrel Ame & Co.'s Standard Food, 2 stone hammers, 3 whips, 2 snow pungs.

## AUDITORS' REMARKS.

The Auditors having audited the accounts of the several boards of town officers, herewith present them for inspection.

**We refrain** from making any extended remarks as the boards seem to have expended their appropriations for the best interest of the town.

**In our report** of 1891-1892, we called the citizens' attention that several edgestone assessments were not paid, again it becomes our duty to call your attention that there are assessments still unsettled, and would suggest that they be added to the taxes of 1893.

**We also find** that no Park receipts have been turned over to the Town Treasurer for the past year.

**The Auditors** make no recommendations as to appropriations, but call the citizens' attention to the amounts that were necessary to meet the expenditures of 1892.

**We made** the annual visit to the Almshouse, found everything in excellent condition and the inmates comfortable and contented, which is due largely to the untiring efforts of both keeper and matron.

THOMAS INGALLS, JR., }  
GEORGE H. THORBURN, } *Auditors.*

## TOWN WARRANT.

The legal voters of this town are hereby notified to meet at the Town Hall, on Monday, the twenty-seventh day of March current, at six o'clock, A.M., to act on the following articles, viz. :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To receive reports of committees, and act thereon.

ART. 3. To choose all necessary town officers for the ensuing year; also members of the School Committee for three years, in place of William Gilley, Thomas W. Tucker and William T. Litchman, whose terms expire; two trustees of Abbot Public Library for three years, in place of Daniel Appleton and Samuel Roads, Jr., whose terms expire; a Water Commissioner for three years, in place of William Reynolds, whose term expires; a Park Commissioner for three years, in place of John M. A. Snellen, whose term expires; also, to give in their ballots, "Yes" or "No" to the following question: "Shall licenses be granted for the sale of intoxicating liquors in this town?"

The polls will be opened at six o'clock, A.M., and may close at six o'clock, P.M.

ART. 4. To vote compensation to the Town Clerk, Town Treasurer, Collector of Taxes, Selectmen, Auditors and Chairman of the Overseers of the Poor.

ART. 5. To see what compensation the town will allow the firemen the ensuing year.

ART. 6. To make the necessary appropriations for defraying the expenses of the town for the ensuing year.

ART. 7. To see if the town will authorize the Town Treasurer to hire money in anticipation of receipts from taxes, and payable therefrom.

ART. 8. To see what action the town will take in relation to Discount on Taxes.

ART. 9. To see what disposition the town will make of the receipts from the "Dog Fund" the ensuing year.

ART. 10. To see if the town will accept the list of names prepared by the Selectmen as Jurymen.

ART. 11. To see if the town will make an appropriation for Abbot Public Library.

ART. 12. To see if the town will vote to appropriate one hundred and fifty dollars for John Goodwin, Jr., Post 82, G. A. R., for defraying the expenses of Memorial Day.

ART. 13. To see if the town will make an appropriation for edgestones.

ART. 14. To see if the town will make an appropriation for Soldiers' Relief.

ART. 15. To see if the town will accept Chapter 264 of the Acts of the year 1886, relating to precinct voting in towns, and take such other action as may be necessary.

ART. 16. To see if the town will authorize the Town Treasurer to hire fifteen thousand dollars, for the purpose of paying the town's notes held by the State Treasurer, due November 15th, 1893.

ART. 17. To see if the town will vote to appropriate a sum not exceeding three hundred dollars, for the purpose of purchasing a set of flags to be presented to the United States Government, for the use of the war-ship "Marblehead."

ART. 18. To see if the town will vote to make an appropriation for a Steam Fire Alarm Whistle.

ART. 19. To see if the town will vote to accept and allow Lattimer street, as laid out by the Selectmen, and make an appropriation for the same.

ART. 20. To see if the town will vote to extend the water pipes through Gerry street, and at Clifton Heights and through the road near the Crowninshield House; and place the necessary hydrants; and make an appropriation for the same.

ART. 21. To see if the town will adopt the form of By-Laws relating to Truancy, which has been approved by the State Board of Education.

---

ART. 22. To see if the town will vote to exempt from the provisions of the town By-Laws relating to Fire Limits, so much of the territory embraced in said limits, as lies north-west of the Boston & Maine Railroad location.

ART. 23. To see if the town will take any action upon the question of establishing an Electric Lighting plant.

ART. 24. To see if the town will vote to lease a piece of land on Marblehead Neck.

ART. 25. To see if the town will vote to sell a piece of land on the way leading to Doliber's Cove from Beacon street, adjoining the premises of Mrs. Grace A. Oliver, as shown on a plan drawn by Charles A. Putnam, Surveyor.

FOR 1892-93.

## REPORT OF THE TRUSTEES OF ABBOT PUBLIC LIBRARY.

TO THE HONORABLE BOARD OF SELECTMEN OF THE TOWN OF  
MARBLEHEAD.

*Gentlemen* :—The Trustees of the Abbot Public Library respectfully submit for your consideration and for the information of the citizens, an account of its general condition to January 1, 1893, and its financial statement to February 8, 1893.

Balance to the credit of the Library Fund, as per	
last Report, Feb. 20, 1892, - - - - -	\$17,358 10
Received income Abbot Fund one year, - - - - -	708 76
“ “ Peale Fund one year, - - - - -	60 00
Received from fines, 98 68; cards sold, 17 55; bul-	
letins sold, 16 81; old paper, 55 - - - - -	133 59
	<hr/> \$18,260 45

Paid for books, - - - - -	\$344 04
Binding and Repairs, - - - - -	159 88
Salaries, - - - - -	600 00
Extra assistance in Library, - - - - -	35 10
Stationery and Printing, - - - - -	74 04
Newspapers and Periodicals, - - - - -	112 50
Furniture and Fixtures, - - - - -	29 48
Express, 9 15; postage, 4 00; messenger,	
6 00, - - - - -	19 15
Cleaning up rooms, - - - - -	5 37
Am. Library Association, - - - - -	2 00
	<hr/> \$1,381 56

Balance to the credit of Library Fund, Feb. 8, 1893,	<hr/> \$16,878 89
--	-------------------

Forty books have been taken out as too much worn to be worth repairing: Whole number of books in the library January 1, 1893, was 11,027; one year previous, 10,493. 213 books were rebound in 1892.

The whole number of books added to the library for the year 1892, was 574. Of these, 128 volumes were from the Town Library, 110 were bound volumes and pamphlets from reading-room, 27 from the various departments of the United States Government, 5 from State of Massachusetts, 4 from town officers, and the remainder as follows: N. P. Sanborn, 9; Everett Paine, Sec., 2; J. G. Dalton, 2, and B. W. Crowinshield, Elias White, N. Allen Lindsey, William H. Aborn, F. H. Appleton, H. L. Gordon and Publishing Committee of G. A. R., Boston, one each.

280 books were bought at an average cost of \$1.22.

The additions may be classified as follows:

Reference, - - - - -	218
General Literature, - - - - -	27
Science and Art, - - - - -	20
Travel and Adventure, - - - - -	31
Fiction and Juveniles, - - - - -	102
History and Biography, - - - - -	55
Law, Politics and Social Science, - - - - -	23
Religion, - - - - -	1
Poetry, - - - - -	6
Magazines, - - - - -	91

574

The number of cards (not counting renewals) issued to date from the opening of the library is 4,898, an increase for the year 1892 of 156.

The library has received from Commodore Elbridge T. Gerry, a grandson of the Honorable Elbridge Gerry of this town, large photographs of the cups won by the "Marguerite" and "Wasp" in the Regatta last August, off Marblehead, which have been framed and hung in the reading-room. Also photographs, etc., of Dartmoor Prison, from Mr. Charles H. Cobb of Baltimore.

We also have great pleasure in the fact that the large picture of "The Spirit of '76," the gift of the late General John H. Deveraux, which has hung in the reading-room for many years, has been re-touched and much improved by the artist, Mr. Williard of Cleveland.

MARBLEHEAD, Feb. 8, 1893.

## REPORT OF THE BOARD OF FIREWARDS.

### TO THE LEGAL VOTERS.

*Gentlemen:*—We herewith submit our report for the year ending February, 1893. In the following report will be found a statement of the manual force and apparatus, a record of all fires and alarms, showing the loss and insurance as near as could be ascertained, a list of officers and members and such information as may be of interest to the citizens. We also have the pleasure to congratulate the citizens of the town on the small loss of property the past year.

### FORCE OF THE DEPARTMENT.

The department consists of a Chief Engineer, 4 assistants, 4 permanent men, 60 hose men, 15 hook-and-ladder men, making a total force of 84 men. The permanent men are located at the School-street engine house. We have one engineer for steamer, who has also charge of fire alarm; one driver, who is also stoker for the steamer; one driver for hook-and-ladder truck, who is also driver for the street sprinkler, and one driver for the horse-hose.

### APPARATUS.

We have added to our department the past year one double runner pump, the steamer Lee and Marblehead painted and put in order. The department now consists of two steam fire engines, one hook-and-ladder truck, carrying 210 feet of ladders, two chemical extinguishers, sails, jump net and fire escape, one supply wagon, seven chemical extinguishers, five hose carriages, carrying 500 feet of hose each, one horse-hose, carrying 1,000 feet of hose, five horses and 6,800 feet of cotton hose.

### FIRE ALARM.

The fire alarm now consists of eighteen miles of wire, one 15-inch gong and indicator, three 8-inch gongs and indicators, six 5-inch strikers and twenty-four signal boxes. There have been 29 alarms the past year, also quite a number of fires that have been extinguished without any alarm.

### BUILDINGS.

Our buildings are in very good condition, and few repairs will be needed the coming year.

## CONCLUSION.

To the citizens of the town for the interest at all times manifested and the aid received in promoting the efficiency of this department we offer our sincere thanks.

To the Chief of Police and the force under his charge for their prompt attendance, and for the faithful manner in which they performed their duty, they will please except our thanks.

To the Marblehead Gas Light Co., and employees for their promptness in giving the alarms of fire from their steam whistle, they will please except our thanks.

FRANK L. WADDEN, *Chief*,  
NATHANIEL HIGH.  
BENJAMIN F. MARTIN, 2d,  
CLINTON FOSS,  
ISAAC ATKINS,

BENJAMIN F. MARTIN, 2d,  
*Secretary.*

## FIRE RECORD FOR THE YEAR 1892-93.

Feb. 19. Automatic rung in from Marblehead Building Association occupied by John Lancy, Jr. Cause, gas-light too near the thermostat. No damage.

Feb. 24. Box 13, at 7.30, P.M.: Barn on Village street owned and occupied by Mrs. T. T. Paine, used for storage of hay, farming tools, etc. Total loss. Insurance paid on barn and contents, \$625. Of an incendiary origin.

Feb. 29. Still alarm at 5.40, P.M.: Chimney fire, Joseph Collyer, Linden street. Extinguished with chemical. Damage, \$15.

March 31. Box 18, at 9.45, A.M.: Burning of rubbish on the premises of F. L. Godding, Clifton. No damage.

April 9. Box 45, at 9.40, P.M.: Barn of William F. Sinclair, Atlantic avenue. Insurance on stable, \$600. Damage, \$400. Insurance on contents, \$2,400. Damage \$1,725. Of an incendiary origin.

April 12. Box 36, at 12.40, P.M.: Shed, Central street, owned by Isaac Mason. Damage, \$10. Cause, children playing with matches.

April 21. Box 12, at 7.10, P.M.: Stack of hay, Atlantic avenue, owned by Isaac Wyman. Loss, \$80. Incendiary.

May 14. At 3, P.M.: A telephone was received at School-street engine house, asking for help to extinguish a grass fire on the Neck. Progress horse-hose and permanent men responded and with chemical extinguished the fire.

May 15. Box 35, at 12.45, P.M.: Chimney fire at the store of John S. Rogers, Washington street. Extinguished with chemical. No damage.

May 18. Box 45, at 6.45, A.M.: Chimney fire at the house of Thomas Doliber, Middle street. No damage.

May 30. Box 34, at 7.15, P.M.: Needless alarm for a supposed fire at the shoe factory of William H. Boynton, Pleasant street. Cause of alarm, reflection of bonfire shining on the windows.

July 14. Box 32, at 11.40, P.M.: Baptist Church, Pleasant street. Insurance on church and contents, \$10,000. Damage to church and contents, \$2,450. Cause, struck by lightning.

Aug. 27. Box 42, at 12.40, A.M.: Shoe factory, Herbert Lefavour, Sewall street. Insurance on building, \$2,500. Damage to building, \$1,472. Insurance on contents owned by Herbert Lefavour, \$7,500. Damage on contents owned by Herbert Lefavour, \$5,370.33. Insurance on contents owned by F. L. Trasher, \$850. Damage on contents owned by F. L. Trasher, \$736. Probable cause, defective chimney.

Sept. 20. Box 27, at 10.05, A.M.: A slight fire on the roof of H. V. Partelow's, Front street. No damage.

Oct. 1. Box 36, at 9.45, A.M.: Bonfire on Gregory street. No damage.

Oct. 7. Box 23, at 9, P.M.: Barn of J. J. H. Gregory, Norman street. Extinguished with chemical. Damage, \$15.00. Incendiary origin.

Oct. 10. Still alarm, chimney fire, house of William S. Bowden, Waldron street. Extinguished by permanent men at School-street engine house. Damage, \$50.00.

Oct. 19. Box 36, at 6.45: House on Central street of Mrs. Ann McCoy. Extinguished with chemical. Damage, \$25.00.

Oct. 27. Box 13, at 12.25, A.M.: Dwelling-house of William P. Mitchell, Village street. Insurance on house, \$1,300. Damage, \$850. Insurance on contents, \$700. Damage, \$650. Cause, defective chimney.

Oct. 30. Box 45, at 5.05, P.M.: Lamp exploded in shop of William L. Roundy. No damage.

Nov. 11. Box 36, at 11.30, A.M.: Dwelling-house of Thomas Stacey, Atlantic avenue, and 12, P.M., the department was called again to the same house to extinguish a fire in the bed clothing.

Damage to house, \$15.00. Damage to furniture, etc., \$220. Cause unknown.

Nov. 29. Box 45, at 12.45, P.M.: Dwelling-house of Abigail Blackler, South and Middle streets. Insurance on house, \$1,000. Damage, \$225. No insurance on contents. Loss, \$150. Cause unknown.

Dec. 10. Still alarm at 12.15, A.M.: Chimney fire, shop occupied by W. W. Denning, Washington street. Extinguished by permanent men at School-street engine house with chemical. No damage.

Dec. 27. Box 32, at 9.10, A.M.: Building owned by Tesheverheirs, Washington street. Damage, \$35.00. Cause, sparks from chimney.

Jan. 4, 1893. Box 42, at 3.30, A.M.: Building owned by Benjamin G. Hathaway, Pleasant street, occupied by Edward McArthur, Jr., Thomas P. M. Rix and two club rooms on second floor. Insurance on building, \$3,000. Damage to building, \$535. Insurance on contents owned by E. McArthur, Jr., \$4,000. Damage on contents owned by E. McArthur, Jr., \$2,270. Insurance on contents owned by T. P. M. Rix, \$1,500. Damage on contents owned by T. P. M. Rix, \$305.71. Cause, incendiary origin.

Jan. 4, 1893. Box 13, at 7.45, P.M.: Chimney fire, house of Isaac Collyer, Village street. No damage.

Jan. 29. Box 45, at 9.35, P.M.: Slight blaze in tool-house of N. J. Dean & Co., Gregory street. Insurance, \$3,000. Damage, \$60. Cause unknown.

Feb. 19. Box 26, at 4.10, P.M.: Chimney fire, at the shop of Philip L. Thorner, Washington street. Extinguished with chemical. No damage.

Feb. 27. Box 16, at 6.20, P.M.: Dwelling-house owned and occupied by the heirs of Patrick Wilson, Swampscott Road. Insurance on house, \$2,300. Insurance on contents, \$1,000. Loss not adjusted. Probable cause, defective chimney.

There are 20 dependent persons now at the Almshouse, 9 males and 11 females, and there are also 4 male boarders; 6 persons have been admitted, 2 have died, and 3 discharged, and 1,171 tramps have been lodged and feed during the year.

W. J. GOLDTHWAIT, Secretary.

## REPORT OF CHIEF OF POLICE.

TO THE HONORABLE BOARD OF SELECTMEN.

*Gentlemen:*—I have the honor to submit to you my annual report for your Honorable Board's consideration and approval.

I shall be as brief as possible, condensing matters in order not to encroach upon your valuable time and patience. During the past year the town has been free from any serious depredations by the criminal classes. Our peace and quietness however have occasionally been interrupted by events of a criminal nature which occur among all communities.

Whole number of arrests for the year ending Feb. 28, 1893, 158.

## AS FOLLOWS.

Drunkenness,	49
Disturbance,	19
Assault,	12
Keeping liquor nuisance,	9
Larceny from a building,	2
Larceny,	6
Common drunkard,	5
Robbing Marblehead beaches,	4
Malicious mischief,	6
Fugitive from justice,	4
Disorderly,	5
Violation of lobster law,	5
Lewd and lascivious,	2
Profane language,	4
Fornication,	2
Fast driving,	2
Non support,	2
Wife beating,	2
Assault on an officer,	2
Delirium tremens,	2
Insane,	3
Getting goods under false pretence,	1
Bastardy,	1
Trespassing,	1
Threat,	1
Fighting,	2
Evading car fare,	1
Neglected child,	1
Obstructing sidewalk,	1
Rape,	1
Robbery,	1
Total,	158

## DISPOSED OF AS FOLLOWS:

Committed to Salem Jail in default of bail, . . . . .	7
Bound over to Grand Jury, . . . . .	6
Appealed, . . . . .	14
Fines paid in court, . . . . .	38
House of Correction, . . . . .	8
Insane Asylum, . . . . .	3
Probated, . . . . .	38
Discharged under the drunk law, . . . . .	11
Placed on file, . . . . .	8
Almshouse, . . . . .	4
Turned over to out-of-town officers, . . . . .	1
Lawrence Court House, . . . . .	2
Tewksbury Almshouse, . . . . .	1
Salem Jail, . . . . .	1
Discharged, . . . . .	16
<hr/>	
Total, . . . . .	158

## MISCELLANEOUS.

Search warrants for liquor served, . . . . .	43
“ “ “ stolen property, . . . . .	2
“ “ “ gamblers, . . . . .	1
Liquor seizures, . . . . .	15
Disturbance without arrest, . . . . .	11
Breaking and entering reported, . . . . .	7
Buildings found opened and secured, . . . . .	12
Lights extinguished in buildings, . . . . .	11
Fires extinguished without alarm, . . . . .	7
Fire alarms given, . . . . .	1
Still alarm, . . . . .	1
Defective streets and sidewalks reported, . . . . .	8
Lights furnished to dangerous places, . . . . .	6
Sick persons assisted to their homes, . . . . .	3
Intoxicated persons assisted home, . . . . .	3
Assistance rendered to unfortunate persons, . . . . .	12

Horses found loose and secured, . . . . .	10
Dogs killed, . . . . .	5
Ejecting disorderly persons from house, . . . . .	6
Lost children found and returned to their homes, . . . . .	4
Property reported lost or stolen, . . . . .	\$750
Property recovered, . . . . .	\$ 75

Forty-three search warrants for intoxicating liquors have been served, resulting in finding liquors fifteen times, one of which was returned. The whole amount of liquor seized and forfeited to the Commonwealth is as follows: One hundred and twenty-five bottles of lager beer, twenty-three gallons of beer, forty-three gallons of whiskey and one quart of cider. Implements seized amounting in value to about twenty dollars.

Seven places where liquor was supposed to have been sold and which were visited by the police have since closed. Nine persons have been tried before the courts for keeping liquor with intent to sell. Three discharged, six have been convicted; one appealed, now pending, and five paid a fine of seventy-five dollars each. This with all other fines paid in court aggregates six hundred and fifty-eight dollars, less about twenty dollars disbursements, leaving a balance of six hundred and thirty-eight dollars for the benefit of the town.

Of the property stolen, six hundred dollars were taken in one place; this was done by a dishonest servant or housekeeper, who fled from the country and is now living out of the United States. Three places in Marblehead, two at Clifton and two at the Neck were reported broken into. Each case was thoroughly investigated and found not to have been done by professional burglars or thieves but by persons connected or well acquainted with the place. From one place only was anything of value taken.

About one hundred and sixty complaints have been made and settled with general satisfactory results. The twenty complaints of vicious dogs have been approached and decided with caution, owing to the conflicting statements of the interested parties. I am sure your Honorable Board will pardon me when I call your attention to the laws concerning dogs, so that more stringent measures may be taken by the police, particularly during the summer months. The welfare and safety of the people demands it.

The department has received ninety letters and about fifty of them have been answered. Forty postals, fifteen circulars, twenty telegrams, and sixteen telephone messages have been received and answered when required.

On the twenty-eighth of last March the body of a man was found in what is called Wyman's pasture and from there taken to the Police Station; thence to Waterside Cemetery and buried in what is called Potter's field; subsequently an inquest was held at Trial Justice Nutting's office. From the testimony received, Justice Nutting rendered his decision that the man was murdered. Who this man was, where he came from, and how he came to be in that place still remains a mystery. Since that time I have often felt the importance of alterations and improvements being made at the Police Station. Many things are needed for the good of all.

I make no recommendation, trusting your Honorable Board will give it your earliest attention. When at the commencement of your official year you saw fit to place me at the head of the Police Department, I accepted the responsibility with a feeling of uncertainty as to my knowledge and ability to conduct all affairs satisfactory to your Honorable Board and to the people.

Taking my departure from the headlands of the past, my course was shaped on the parallel of honesty. It has required diligent study with coolness and judgment to execute the laws in a fair and impartial manner.

The No-license law has been the most difficult to handle, meeting with many unexpected obstructions, caused surprise and disappointment, but with patience, time and silence the result has been satisfactory.

To the members of the Department, both regular and special officers, I wish to express my thanks for the interest and faithfulness in which they have performed their duty. It speaks well for the force when it is remembered that during the summer months the population of the town was doubled and no more crime was committed. I think, however, four officers ought to be the regular number to patrol our streets during the summer. It would only be doing justice to the people and the officers. To Officer Chapman, Foss and Green who have proved themselves such efficient officers, I hereby tender my sincere thanks and profound respect—always ready, always trustworthy.

On closing my report, I hereby express to your Honorable Board my sincere thanks for the encouragement and assistance you have rendered me in my official capacity.

HORACE BROUGHTON, *Chief of Police.*

Marblehead, Feb. 28, 1893.

---

REPORT OF BOARD OF HEALTH.

## TO THE CITIZENS OF MARBLEHEAD.

The Board of Health would respectfully submit the following report:

During the past year the health of the town has been good. The only disease that has been prevalent is scarlet fever of which there has been thirty-five cases reported to the Board, seven of which were fatal.

The most of these cases have been in that portion of the town known as the "Ship-yard," the cause has not been clear to the Board. In each case warning cards have been placed upon the houses. The people seem kindly disposed toward this innovation and in no case has the card been removed except by order of the Board and then only upon the receipt of information from the physician in charge that the house has been properly fumigated. In some cases the warning has been unheeded which may possibly account for so many cases. The rules should be more carefully observed and when a person is sick with a contagious disease they should be isolated from the rest of the family as much as possible.

The Board's attention was called to a case of scarlet fever where a mother and child were both sick with the disease, and no one could be secured to attend to them, and the Board was obliged to go to Boston for a nurse, being unable to get one from Salem or Lynn.

The Board would recommend that when a case of scarlet fever or diphtheria is discovered in any school district that the school-room should be properly fumigated at the end of the school week.

Of the other children's diseases, two cases of diphtheria were reported, but were of a mild type. There has been but few cases of measles, whooping-cough and such diseases which are prevalent among children.

There has been fewer cases of typhoid fever than in former years, two deaths having occurred from that disease.

Three years ago the Board established the systematic collecting of rubbish, etc., and a cart was put on to do that work, and it has proved a great benefit to the health of the town. Instead of one cart it needs two to do the work as it should be done. With another horse and cart, the horse could be used on the "night-soil" wagon and would be a source of revenue to the town.

During the seven months the cart was on, 1,154 loads of rubbish, etc., have been collected which has been carried to various parts of the town to be used in filling in low lands. John O. J. Frost has had 277 loads; Joseph Lindsey, 304; Titus Bros., 268; William B. Paine, 86; Mrs. Grace A. Oliver, 219.

It will be understood that this cart does not collect kitchen garbage or swill, only rubbish which collects around our homes: ashes, etc.

In order for a town to be healthful and clean it is necessary for the co-operation of the citizens with the Board of Health to bring about that end.

There are some things which the Board wish to call to the attention of the citizens, one is the practice of throwing soap-suds upon the public streets. It is a filthy habit and should not be done. The Board would therefore say to those who do so to desist from such untidy practices, and in that way promote the health of the town.

The introduction of water has caused more to be used and in a great many cases larger cess-pools will be needed to take care of the waste water.

Too much attention cannot be exercised in looking after vaults and cess-pools the coming spring. It is possible that we may be visited by the cholera, and the Board recommend that one member of the Board be employed to attend to it and see that all vaults and cess-pools are properly cleaned out and thus avert all possibility of an epidemic from that source.

The present town tomb having been condemned, the town will be called upon to build a new one. We would recommend that it be built in the Green-street Cemetery, near the land of Harris, where it will be out of sight from the street and could be made easy of access, and that it be built of brick, large enough to hold fifty bodies.

There are several drains which need to be attended to in the spring. One is the drain at the lower part of Mr. Doane's yard, the other runs through the land of Frost, Peach, Cole and Lindsey, crossing Cowell street. It is in very bad condition; also the drain crossing Rockaway street.

During the year some fifty cases of nuisances have been called to the attention of the Board which have been adjusted satisfactorily to the parties interested and to the Board.

The public mind is becoming more and more enlightened upon the subject of public and personal hygiene, and the individual has become more and more critical concerning all matters pertaining to personal and public sanitation.

It will be found that in proportion to the educational advantages a community has enjoyed, just so far there will be a public demand for a more advanced and higher standard of moral, mental and physical conditions.

The Board would recommend that \$1,200 be appropriated for the use of the Board the coming year.

Fourteen meetings have been held.

The Board has pronounced one house uninhabitable and the occupant has been cared for at the Almshouse.

During the year 174 deaths have occurred ; 79 males, 95 females, including four still born. The following are the causes of death:

## BRAIN DISEASES.

Meningitis.....	6
Hydrocephalus.....	2
Parasis.....	1
Apoplexy.....	2
Convulsions.....	4
Insanity.....	1
Acute Mania.....	1

## LUNG DISEASES.

Consumption.....	26
Pneumonia.....	18
Congestion of the Lungs.....	2
Bronchitis.....	8

## HEART DISEASES.

Heart Disease.....	13
Heart failure following Grip.....	3
Leynosis.....	1

## NERVE DISEASES.

Paralysis.....	11
Diabetes.....	4
Spinal Disease.....	1
Nervous Prostration.....	1

## BLOOD DISEASES.

Kidney Disease.....	1
Nephritis.....	1
Inflammation Prostrate Gland.....	1

## INFANTILE DISEASES.

Premature Birth.....	4
Scarlet Fever.....	7
Membraneous Croup .....	1
Malformation .....	1
Marasmus .....	2
Cholera Infantum .....	8
 Typhoid Fever .....	2
Suicide .....	1
Chronic Rheumatism .....	2
Intestinal Catarrh. ....	1
Enlargement Spleen .....	1
Accident.....	1
Old Age .....	17
Under 10 years .....	44
Between 10 and 20.....	6
"    20 and 30 .....	13
"    30 and 40 .....	8
"    40 and 50 .....	13
"    50 and 60 .....	19
"    60 and 70.....	15
"    70 and 80.....	30
"    80 and 90.....	20
"    90 and 100.....	2
Still Born.....	4

The following table shows the number of deaths each month of the year:

January .....	42
February .....	11
March .....	9
April .....	8
May .....	14
June .....	13
July.....	13
August .....	17
September .....	10
October . ....	9
November .....	14
December .....	14
 Total .....	174

The annual death rate for the last ten years upon the basis of 8,000, per 1,000 is as follows:

1883	17.39
1884	15.62
1885	18.00
1886	18.87
1887	19.00
1888	23.12
1889	17.25
1890	20.25
1891	19.87
1892	21.75
